Council Solves Dress Code Conflict

A council for the students could truly classify the 1970-71 Lincoln Student Council. For the first time, class elections which were previously conducted by the faculty, were under the responsibility of Student Council. Another innovation was the student visitation day with area schools. This program allowed Sandy Valley and Lincoln to exchange three students for one day.

Council was the representative voice of the students in the formation of new guidelines for dress at Lincoln. In an open meeting for all students, ideas concerning dress restrictions were formulated. These ideas were presented at a faculty-student dress code meeting and new guidelines were formed.

Council-sponsored projects spread the enthusiasm of Lincoln students to people outside of the school. Council collected food for needy Canton families at Thanksgiving and helped with the "Toys for Tots" Campaign at Christmas. The Apple Creek Project, with the collection of 6,000 articles and $200, shows the concern of students for others. Student Council, with their worthwhile accomplishments, has set an example for future council members.

Preparation Made for the Future

Students who are interested in learning about teaching as a career have a chance to explore the many different aspects of this professional field through the Harold S. Vincent chapter of the Future Teachers of America club. All the activities of the club were designed to fulfill this desire through interesting speakers, a visit to Akron University, films, and special service projects.

One of the highlights of the year was the Student Teaching Day in the spring when junior and senior members had a chance to actually teach. Working in grade schools for an entire day, members gain first-hand teaching experience. Another noteworthy event was the Teachers' Tea, a small thank-you party for the teachers of Lincoln. These different activities gave students an opportunity to learn some of the requirements of the teaching profession.

In addition to learning about their possible future profession, F.T.A. members served their community through the Applecreek project and the making of Valentine favors for the residents of a rest home.

The end of the year was marked by the Pinning Ceremony. The F.T.A. pin, based on a merit system of points, represents the members' completed goal of furthering their knowledge of the teaching profession.

National Honor Inducts 14 Juniors

The highest academic achievement a high school student can achieve is membership in National Honor Society, an honorary scholastic organization. A student may qualify for National Honor in his junior or senior year. Students must have an accumulated average of 3.5 to be inducted his junior year and a 3.0 average to be inducted his senior year. Candidates for this honor must also meet requirements of faculty approval, participation in extracurricular activities, and an excellent citizenship record. A National Honor member is a student outstanding in service, leadership and character.

Seniors inducted in their junior year are Paula Lightbody, President; Ken Cameron, Vice-President; Karen Perry, Secretary; Kay Cameron, Charles Carlson, Robert Cunningham, Pam Gunsaullus, Roger Hegnauer, LuAnn Lichtenwalter, Barbara Pocock, Elaine Tuesdale, Jean Voltz, Joan Voltz, Nellie Walker. Advisor for National Honor is Mr. Norman Burch.

Merit Awards Are Given to Lincolnites

Linion League helps decorate the Christmas tree.

The Alexis League, an honor society, consists of those girls who have obtained throughout their ninth, tenth, and eleventh grades a 3.0 average or better. At the present time, thirty-one girls accept the responsibilities of this group under the direction of Miss Helen Gatchel. Their major duty is to usher throughout the year at various school functions including band and choir performances. The girls enjoy aiding the Lionian League in decorating the Christmas tree in December and planning a party during the year for underprivileged children. By working and sharing together, the girls receive an inner reward which is in itself worth all of the time and effort put forth by them throughout the year.

Each year junior boys with outstanding academic, citizenship and service records are recognized by induction into the Linion League. A 3.0 grade average for their first five semesters in high school, participation in at least one extra-curricular activity per year, and a two-third majority vote of the outgoing members is necessary to become a member.

The major responsibility of the Linion League is to plan and present the Thanksgiving and Easter assemblies. Each year the members also assist the Alexis League in the decoration of the school Christmas tree.

Ushering is a duty for Alexis League members.

Satisfaction and Enjoyment Obtained

Y-Teens gives all girls a chance to break down the barriers of prejudice while they perform useful services for their community. They break down these barriers of prejudice by increasing friendships with members of other races and creeds and by learning to understand and appreciate other beliefs. Y-Teens also unite many girls from various parts of the city together in fun and fellowship.

In conjunction with YWCA, Y-Teens participate in various service projects and social activities. The girls show concern in their community by performing several service projects throughout the year. This year, Lincoln Y-Teens donated their time and efforts to give a Halloween party for the underprivileged children, help in the Waynesburg clothing drive, and assist in the annual Cerebral Palsy Christmas party. The girls not only perform services but try to develop their abilities in fields such as swimming, volleyball and basketball. The highlights of the year were the annual winter formal and winter retreat. The winter formal was held in February at the Imperial House.

By participating in Y-Teen activities and expressing their concern for others, Y-Teens show everyone that they are proud to be teenagers.

Actors Open Anne Frank's Diary

"Dear Diary, my name is Anne Frank . . ."

As the lights dimmed and the sound of chimes filled the auditorium, the Lincoln audience was transported to war-torn Holland during the Nazi occupation. The joys, sadness, hopes and fears of eight Jewish people hiding from the Germans in a tiny attic apartment was the subject of the 1970 all-school play, **The Diary of Anne Frank.**

The play was a study of the interrelationships among these people trapped together for three years. They fought, bickered, laughed, sang, and died. The actors, crew and audience learned the tragedy of race hatred and the power of love.

Anne and her mother disagree.

Miep finds Anne's diary and gives it to Mr. Frank.

Acting Talent Shown in Contest

Anne causes hassle in the Frank family.

Tight living conditions cause disagreements among the members of the Frank home.

Loneliness brings two people together.

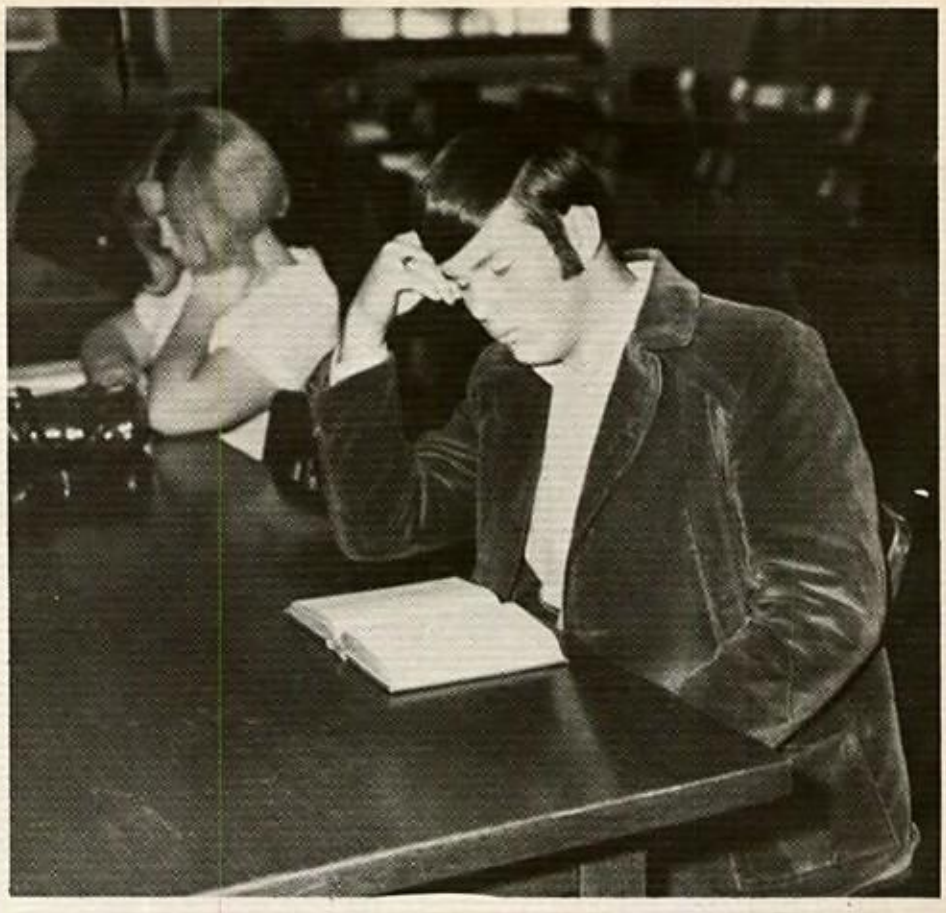
The one-act drama contest of the Ohio State Speech League was entered by Wig and Masque. The Lincoln play, **Hello Out There,** won the district championship and second place in the state competition. Shelley Bamberger and Alfred Stroud were selected for the All-State Cast.

The one-act play by William Saroyan deals with two lonely people who reach out in love to one another only to have violence destroy their hope for ending their loneliness. The actors were: Steve Amerson, Shelley Bamberger, Chuck Carlson, Roger Chapman, Bob Frey, Eleanor Kurtz, Bill Slusser and Alfred Stroud.

Library Staff Provides Service

Carding and shelving books and magazines, helping others find books and magazines, delivering study hall passes, and writing overdue notices are the duties of the library staff. The small group of girls, who make up the library staff, devote at least one period a day doing their part in helping the library operate efficiently.

The two librarians see that the library is functioning well. Mrs. Geiger, the new head librarian, has rearranged old books and added new books for the enjoyment and use of the entire school. Mrs. Sautters, the assistant librarian, spends much time labeling new books, mending old ones and aiding student librarians when they need help. With everyone working together to keep things in order, the library can be a pleasant place for students to go in their free time.



Mike Tisevich uses the library for quiet studying.

If you want to make new friends and have fun doing so, join the chess club. It allows students the chance to improve their chess game by broadening their field of competition. A growing interest has been fostered into the club by intramural and interscholastic tournaments. These tournaments are held during the year and students are able to display their talent and advance to win trophies in championship games.

Larry Bennett, outstanding member of the chess team, won first place in the Great Lakes High School Tournament. He was supported by Dave Ralph, Gordon Ralph, Denny Heflin, and Chris Hentzelman. Ron Dietz, graduate of Lincoln, won second place in the adult tournament.

The purpose of the Art Club is to aid members in developing their artistic ability and learning to work together for the benefit of the entire school with varied services. The services these talented artists provide include Christmas decorations for school office windows, football and basketball posters, and other projects for teachers' individual rooms.

Meetings are made up of work sessions, discussions, and showing films. Field trips are also taken during the year to various art institutes.

Love and Friendship Blend In Music

The Lincoln A Cappella Choir began its musical year by learning new music and reviewing traditional Lincoln numbers. Soon the tones were removed from the musical staff and transferred to the stage of the Palace theatre for the United Fund Kick-Off Rally. Later, music reached out from the Lincoln stage during the musical, **Brigadoon**, the Christmas Concert, and the Spring Sing. The choir also participated in the All-City Choral Concert and once again earned two superior ratings at District Contest in March, and at State Contest in April.

In addition to these tangible accomplishments, the choir gained something much more abstract and harder to identify, but that was very definitely present. For when someone sings with such an organization, he learns to love and know not only music, but the intent and meaning of the words set to that music. One no longer sees 103 singers and a director, but hears and sees a beautiful creation that formerly, to most listeners, was only sheet music.

When music is thus transformed, the people performing it cannot remain unchanged. The audience felt the warmth

"In Giving We Receive"

and love conveyed by the excellence of the performance. After a concert, there are always numerous comments exchanged of the tremendous fatigue experienced by everyone, but also, although it often remains unspoken, there is joy expressed in every face. Every person has given to the audience a part of himself by his interpretation of the music and has received a feeling that is difficult to name. The most appropriate phrase is "In Giving We Receive."

Gathered around the piano, the choir officers are pictured in a familiar location in the choir room.

Scottish Tale Is Brought to Life

All of Canton seemed just a little bit brighter, and her people a little more human, after viewing Lincoln's fantastic and rousing rendition of "Brigadoon." It was surely one of the highlights of the 1970 social calendar for friends, relatives, and students of Lincoln High.

Under the watchful eye of directors Mason and Lavery, the show attained the fine degree of excellence and perfection characteristic of Lincoln performances. These two capable gentlemen once more sacrificed nine weeks of their time, in devotion to the production, in order to enrich the lives of the cast, crews, and the audience itself. This supreme devotion was evidenced by the tenderness, warmth, and gaiety found in the appearance of this enchanted Scottish village. The production was proof of the hard work that went into it. The earnestness and cooperation of the cast and crews was the initial element in the creation of the outstanding performance.

Though "Brigadoon" faded for the fourth and final time from the Lincoln stage on November 14, 1970, it is not to be soon forgotten. Its extensive rehearsals, swirling dances, as well as a bit of misty-eyed nostalgia, have now passed into Lincoln history. Its spirit, though, will continue in the hearts of all who were touched, even for a brief moment, by the enchantment of "Brigadoon."

Two cast members add harmony and humor to the show.

Swirling dances are very much a part of the gaiety of **Brigadoon.**

Brigadoon brings to life a heart-warming romance.

Trophies Achieved by Speech Members

A nationwide speech organization for high school students is the National Forensic League. On Saturday mornings throughout the year, members can participate in contests and can be awarded various trophies and rewards for outstanding performances. Lincoln High School participates in the categories such as debate, extemporaneous speaking, oratorical declamation, humorous and dramatic interpretation and original oratory.

A program of scripture and school news is broadcasted over the public address system each morning during homeroom period. The people who provide this service for Lincoln High School are members of Radio Broadcasting.

Students are invited to participate and join Radio Broadcasting at the beginning of each semester. One major qualification is clear, distinct speech. This aids the student in gaining valuable experience in public speaking.

Experience and Honor Are Gained

Students interested in journalism contribute many hours outside of school and class time in preparing publications for the student body and for future generations to enjoy.

To those students who have produced superior work in a specialized phase of journalistic studies or in school publication work comes the distinct honor of Quill and Scroll membership. To be a member of Quill and Scroll, International Honorary Society for high school journalists, students must be in the upper third of their class and must have contributed to the publication of the **Echo, Lionian,** or **Image.**

Individual skill and knowledge in the stenographic, clerical and bookkeeping areas are basic requirements students must meet before they can be accepted into Cooperative Office Education. The course is offered to seniors who are interested in a program which offers education and experience in the clerical field. The student is required to attend school one half of the day and is on the job the remaining part of the day.

Outside activities for fun and relaxation are also provided for C.O.E. members. Special events scheduled this year include a Region 3 weekend convention, All-City skating party and an employee-employer appreciation banquet.

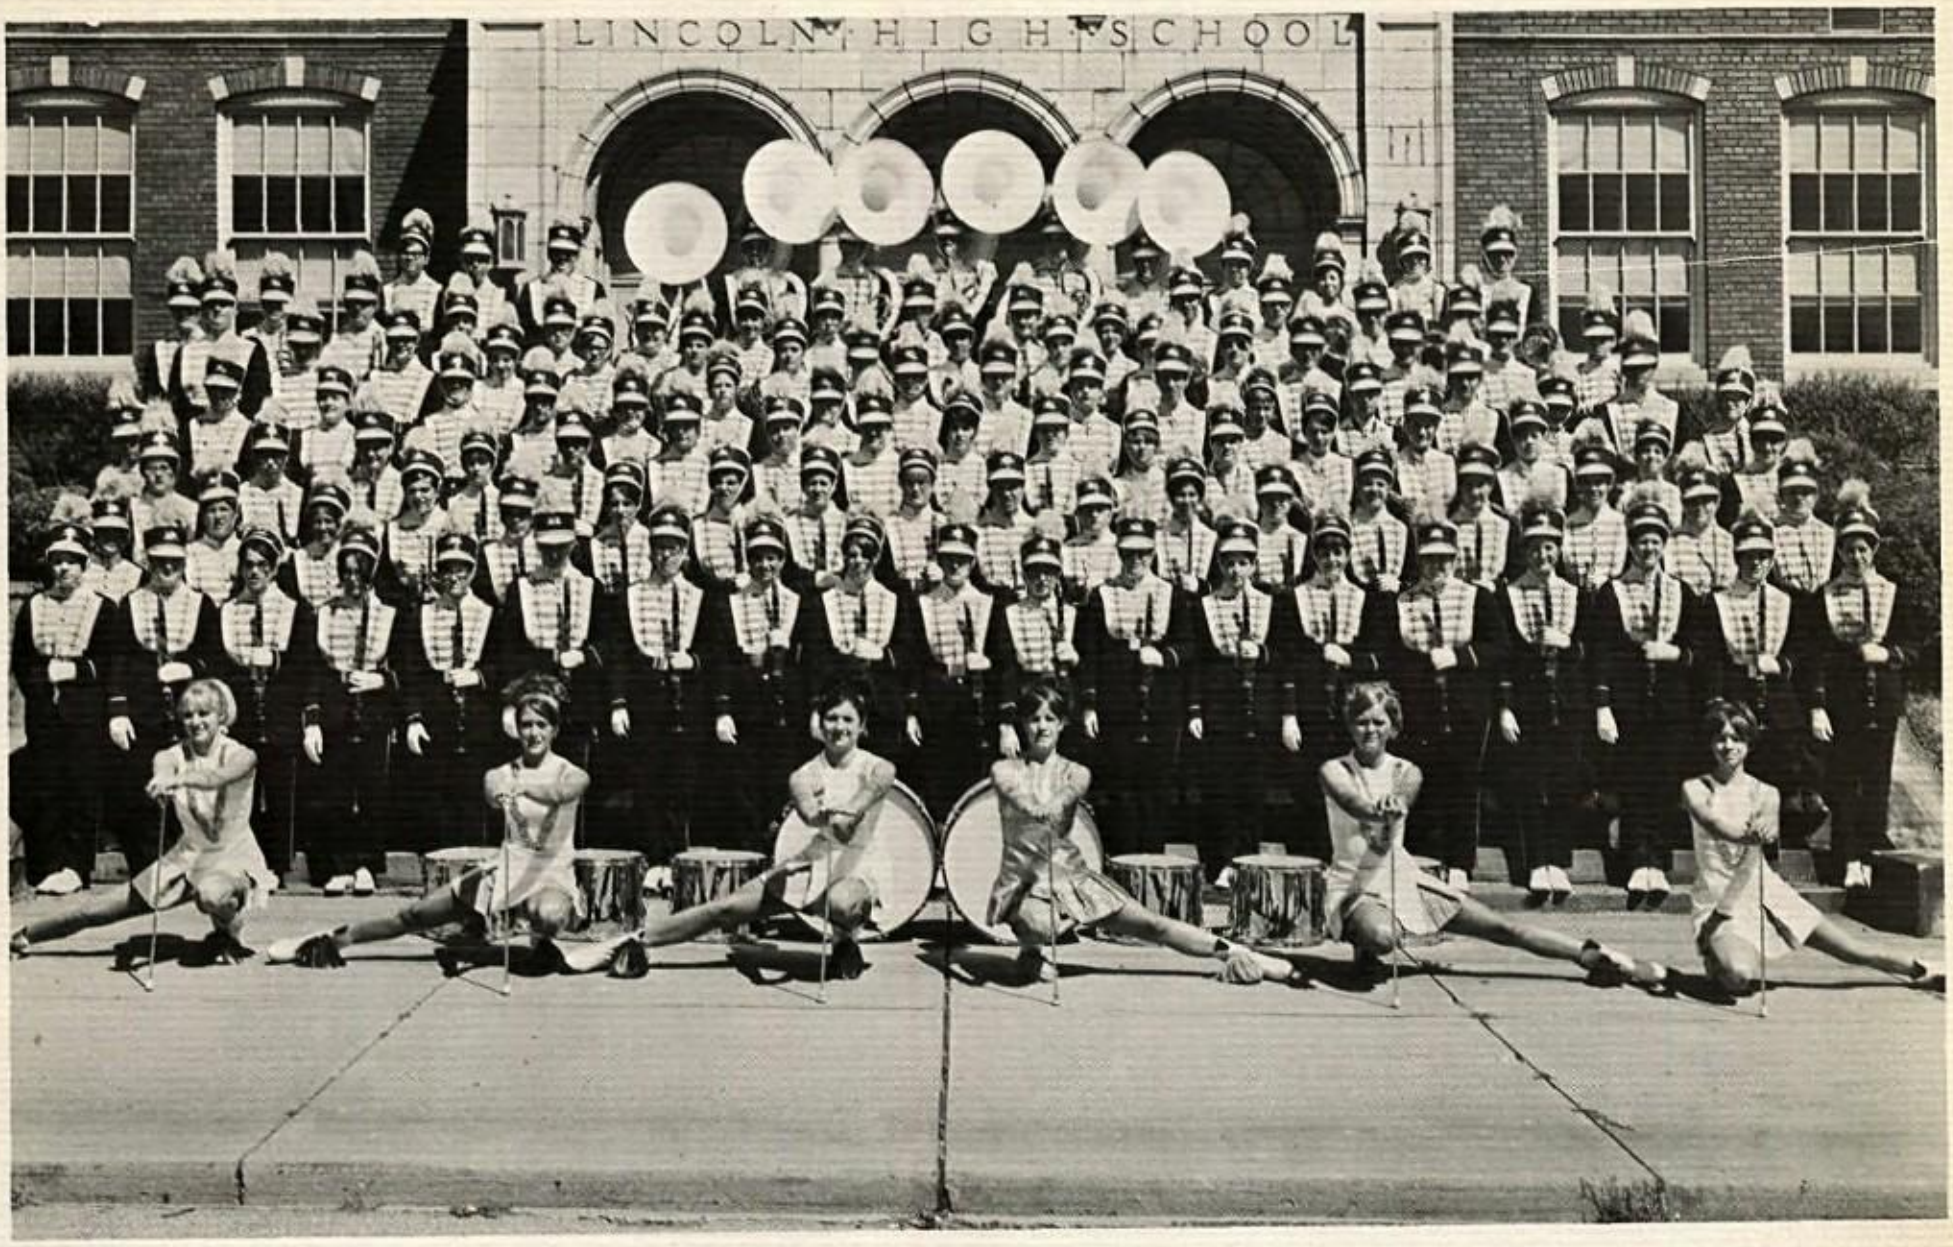
Band Members and Leaders Prove Ability



Band Officers: LeAnn Kestel, Secretary; Bernadette DeMario, Treasurer; Bill Goulden, Vice-President; Dave Shackle, President.

The 70's brought to the band new directors, new techniques, and new types of music. Due to great enthusiasm of students wishing to participate in band, the band was divided into the Maroon Band under the direction of Mr. Donald Stump and the Gold Band directed by Mr. George Toot.

In addition to the winter and spring concerts, where music such as Beethoven's "Fidelio" and Duchas's "The Sorcerer's Apprentice" were played along with show tunes from Broadway musicals **Hello Dolly** and **Purlie,** the band performed in band shows at Massillon and Tuslaw stadiums, the annual "Bands-in-the-Round" at Glenwood, and a pop concert at Souer's Junior High School. Band activities give the band members a chance to tell the citizens of the community what music is all about.

The Lincoln Marching Band was an exceptional addition to the spirit of the football fans this season. Along with the majorettes, the band provided exciting entertainment during halftime. The Pep Band proved to be a spirit-rouser during the Lincoln basketball season. Win, lose or draw the group of volunteers could always be counted upon to supply added vim and vigor to the weekly battles.

The Military Ball was held April 17 at the new Holiday Inn. The seniors received gifts and the juniors were awarded letters for three years of service. Outstanding musicians from each class were also recognized.

Assistance Offered to Teachers

Students who have a free period and enjoy helping others make up the Office Production Class. The girls find that in Office Production they will be called upon to perform many tasks. Sometimes even washing desks or cleaning up machines is the order of the day. Mainly, however, their job is to type up dittos and stencils and to duplicate material for teachers other than tests. They also spend a great deal of time cutting paper for forms and stapling. In doing these tasks they are learning the basic fundamentals which go into making a good secretary rather than a mediocre one. These skills will also familiarize students with duties they will encounter in their future careers as secretaries.

The boys who are members of Audio Visual are trained in the maintenance and operation of all audio-visual equipment. The boys distribute and operate equipment, and assist teachers whenever needed. There is at least one boy on duty at all times in the Audio-Visual room.

Students Explore Medical Careers

The purpose of the Medical Arts Club is to interest students in personal and community health, to encourage them in finding out what various medical careers require and what they offer, and to help them to decide wisely about professional nursing and its allied fields as their career.

Among this year's activities were a Christmas project for the pediatric ward of Aultman Hospital where members wrapped toys and sang carols, a tour of Massillon City Hospital where members spent a night in the student nurses' dormitories, and two bake sales to raise money for the Medical Arts banquet at the end of May.

Medical Arts offers students many chances to explore various medical careers, talk with people involved in medical careers and plan for future service in the field of medicine. Medical Arts is also concerned with banding together those students who have similar interest in medical careers. They may discuss future plans and aid each other in making the correct choices for further education in medicine.

Girls Help Keep School Treasury

One of the jobs which requires many hours of time and much patience is the job handled by the school treasurer. Mr. Randels handles this job with ease and with the confidence that comes from long experience in working with both students and money matters.

To help him in his many faceted job, he is assisted by students who each work at least one period a day to aid Mr. Randels in any way they can to make his work load a little bit lighter. Some of the students who work in the treasurer's office are chosen as volunteers because of their excellent ability in typing and bookkeeping. Others (who might not have had typing and bookkeeping) are chosen because they have a desire to be of service to the school.

In addition to selling tickets for basketball games, football games and other school functions, the treasurer's office takes care of and must account for all money that comes in or goes out of Lincoln High School. A great deal of time is spent in counting money which is turned in and in running down all bills to be sure that they are bonafide.

Technical Aid Provided by Stage Crew

Behind the scenes Wig and Masque crews work hard.

Members of Stage Crew are capable boys who volunteer their time and service to aid in all school productions which involve the use of the stage and auditorium. This group of boys gave assistance to various activities this year which included: **Brigadoon,** Christmas Concert, Band Concert, and the Spring Sing.

Drawing a substantial number of students from each class, Wig and Masque is Lincoln's largest and most active club.

Among its annual activities are co-sponsoring the fall musical and producing a spring program. Wig and Masque also provides for its members, theater parties, guest speakers, Halloween and Christmas entertainment, a banquet and Christmas service program.

In addition to its activities and programs, Wig and Masque has a social value. It brings together Lincoln students in a working situation which teaches co-operation and assistance, while encouraging self-expression and individual contribution.

Perhaps above all, Wig and Masque is fun. It provides its members with a personal sense of enjoyment and satisfaction which few organizations can claim.

The thoughts and ideas of the students as a whole and individually are reflected in the Lincoln **Echo.** Headed by Steve Amerson, Editor, and Tim Snodgrass, Assistant Editor, the staff collect, report, publish, and distribute the news of Lincoln. The **Echo** Staff works hard to plan and prepare lay-outs to attract the interest of the reader.

The **Echo's** purpose is to inform the students of Lincoln of all that is happening in school activities such as assemblies, dances, programs, and special events; student government news, such as elections and student officers; local news, such as happenings in the community which have a specific effect on the school and its activities; club news, sports, editorials, columns, and many other features in order to inform and explain. The **Echo** not only informs students of what is happening around and outside the school but also entertains.

Very few people at Lincoln realize the amount of work which must be done in order to publish a successful annual. The thirteen girls who meet at 8:00 every morning have first-hand experience.

The mental and physical activities of each girl on the staff is her individual contribution to the 1971 **Lionian.** The thought put into pictures, layouts, captions, and headlines plus a touch of originality and imagination compose the mental activity. The physical work of putting these items on paper is the secondary activity.

Cooperation and understanding among members and advisor is also an important element in preparing the annual for publication. For seven months, the members and advisor must strive for cooperation to keep things running smoothly and on schedule. Without the understanding tense situations might arise.

The final reward for seven months of confusion and racing to meet deadlines is the smiles of relief when the book is published. Seeing each girl's own work in print is her personal reward and provides her with a feeling of self-satisfaction.

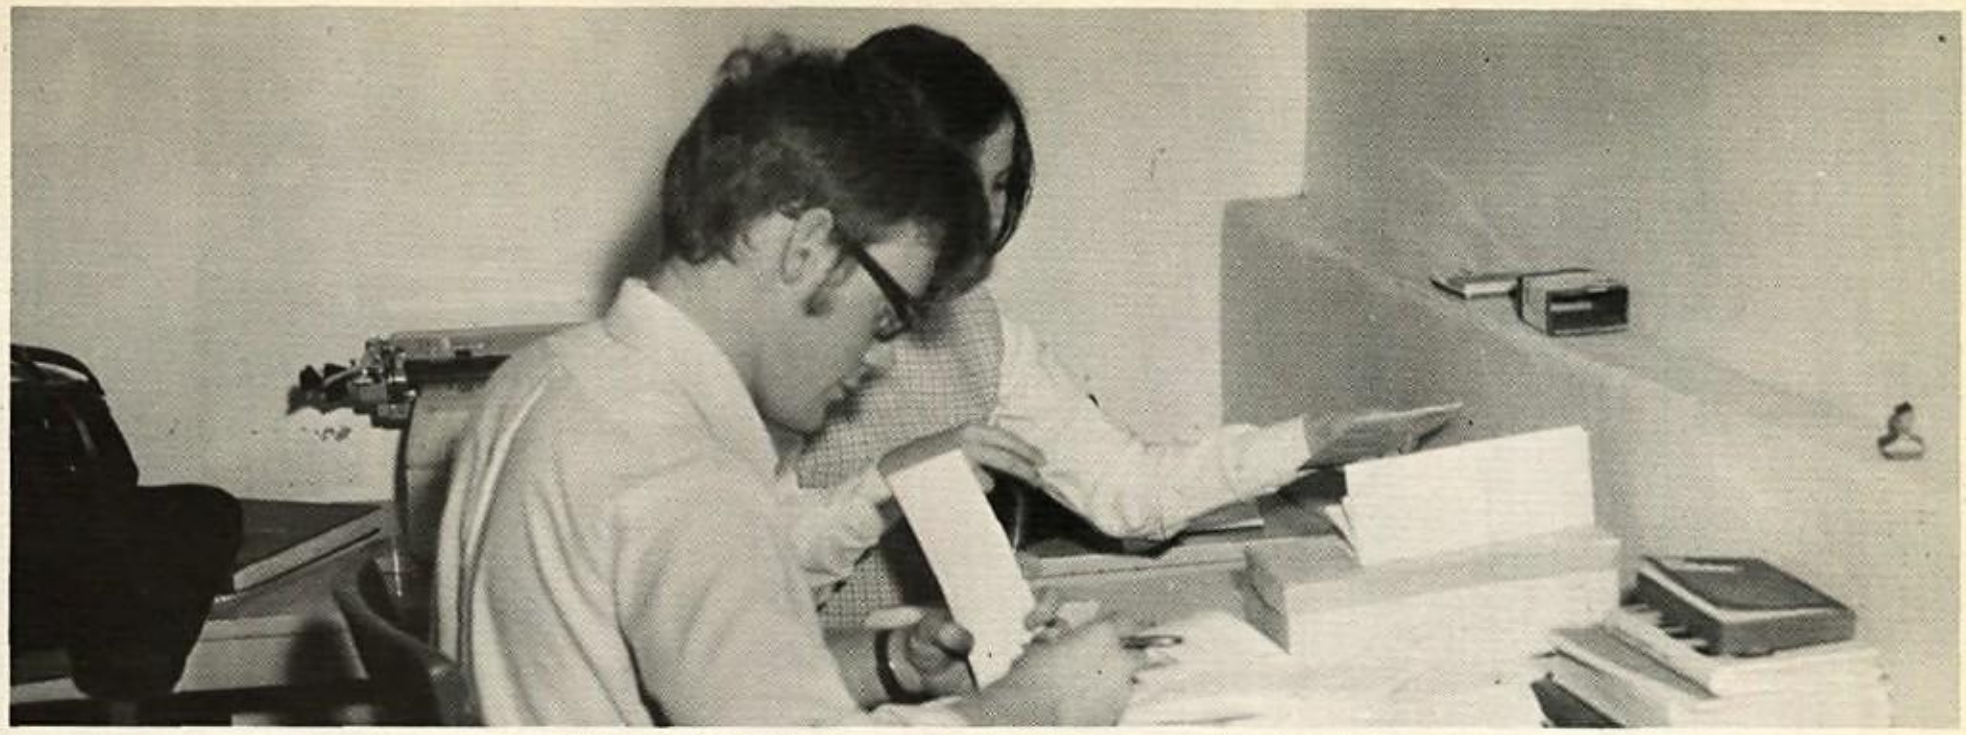
Cooperation Is a Part of Journalism

The Business Staff of the **Lionian** consists of six members. This group of people sell advertisements to various businesses. The money made from these advertisements goes to help pay the cost of the publication of the **Lionian.** The staff sells full, half, and quarter page advertisements. The advertisements aren't just sold to make a profit for the yearbook, but are sold to help the businessman make a profit. Another duty of the Business Staff is to sell the **Lionian** to students and faculty, and to keep an account of all annuals sold and money collected.

The Photography Staff spends hours taking pictures, developing negatives, and making the finished pictures. Without this work there would be no coverage of every happening at Lincoln.

These two staffs along with the editorial staff and two very qualified advisors combine to produce the **Lionian.**

Staff members, Sue Moyer and Debbie McCutchan, work on layouts.



Steve Hill and Heidi Vironf are at work trying to organize subscription sales.

Don Biasella Leads Senior Class of '71

The class of 1971 had to make a big adjustment to high school when they entered as freshmen. The one big event of the year was the class party, which was well attended. Freshman football and basketball games were also well attended. The class showed a lot of school spirit and participated in many extra-curricular activities.

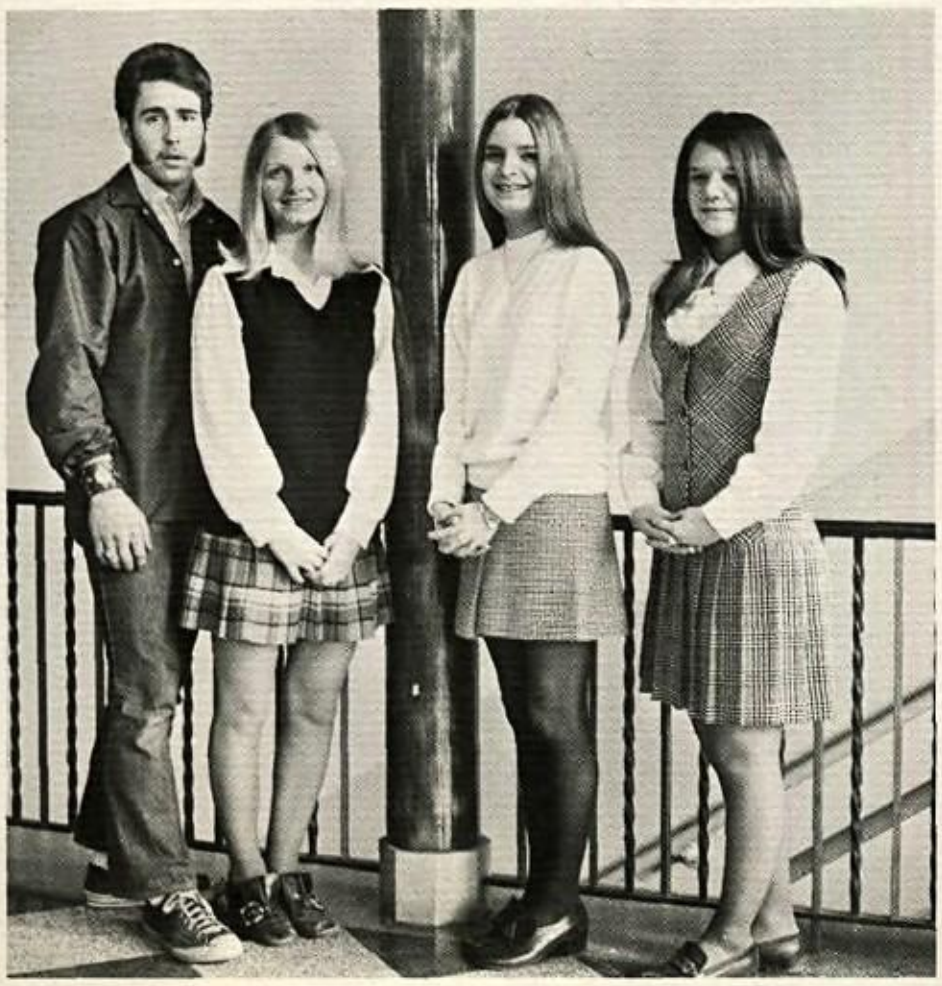
We became a whole class as we were joined by our classmates from Souers. The class party was a big success. Students with 3.0 averages and above were given free periods instead of study halls.

As juniors, the class party and prom were great fun. In the spring many of the juniors were inducted into the Alexis and Linion Leagues and into the National Honor Society. The whole school turned out with the juniors and seniors spearheading the drive to pass the school levy.

In our senior year we sold sweaters and Tom Watt kits for Booster Club and went all out to back the athletic teams. The class party was a huge success and a large number of us attended the prom. Several more Seniors were inducted into National Honor Society, Alexis League and Linion League. The Seniors went all out to bring in items on the Applecreek project and to help fill the Thanksgiving basket. Many of the Seniors volunteered their free time to help teachers and to work in the various offices in the school. The highlight of the second semester was the basketball game between the Senior Boys and the Male Faculty.

In every class some students stand out in the minds of their teachers as possessing special leadership ability. These students may be leaders because they are able to successfully head a team or undertake projects without the need for close supervision. This year, the senior class again has its share of capable leaders. Nominations of the students whom their teachers considered to be leaders in their particular fields were presented to the entire faculty. Ballots were cast and the top thirteen girls and seven boys were chosen to be the outstanding leaders of the class of 1971.

Senior Leaders: Row 1, Richard Gonzalez, Kevin Lower, Rick Horton, Barb Jackson, Joannie Voltz, Kay Cameron, Jeannie Voltz, Nellie Walker, Pam Booker, Shelly Bamberger. Row 2, Don Plaskett, Pam Gunsaullus, Chuck Carlson, Paula Lightbody, Connie Blumensen, Elaine Tuesdale, Karen Perry, Joann Lidderdale. Row 3, Ken Cameron, Dave Shackle.



Booster Club Forms New Pep Club

School is classes, teachers, books, students, cold rooms, hot rooms, lunch breaks, and all the miscellaneous things that make it a public institution in which we spend the greater part of our days. To make a welcome change in the routine of the day, the Booster Club plans pep rallies, crown basketball and football queens and courts and along with the cheerleaders keep us reminded that Lincoln is a great school and one of which we can be proud.

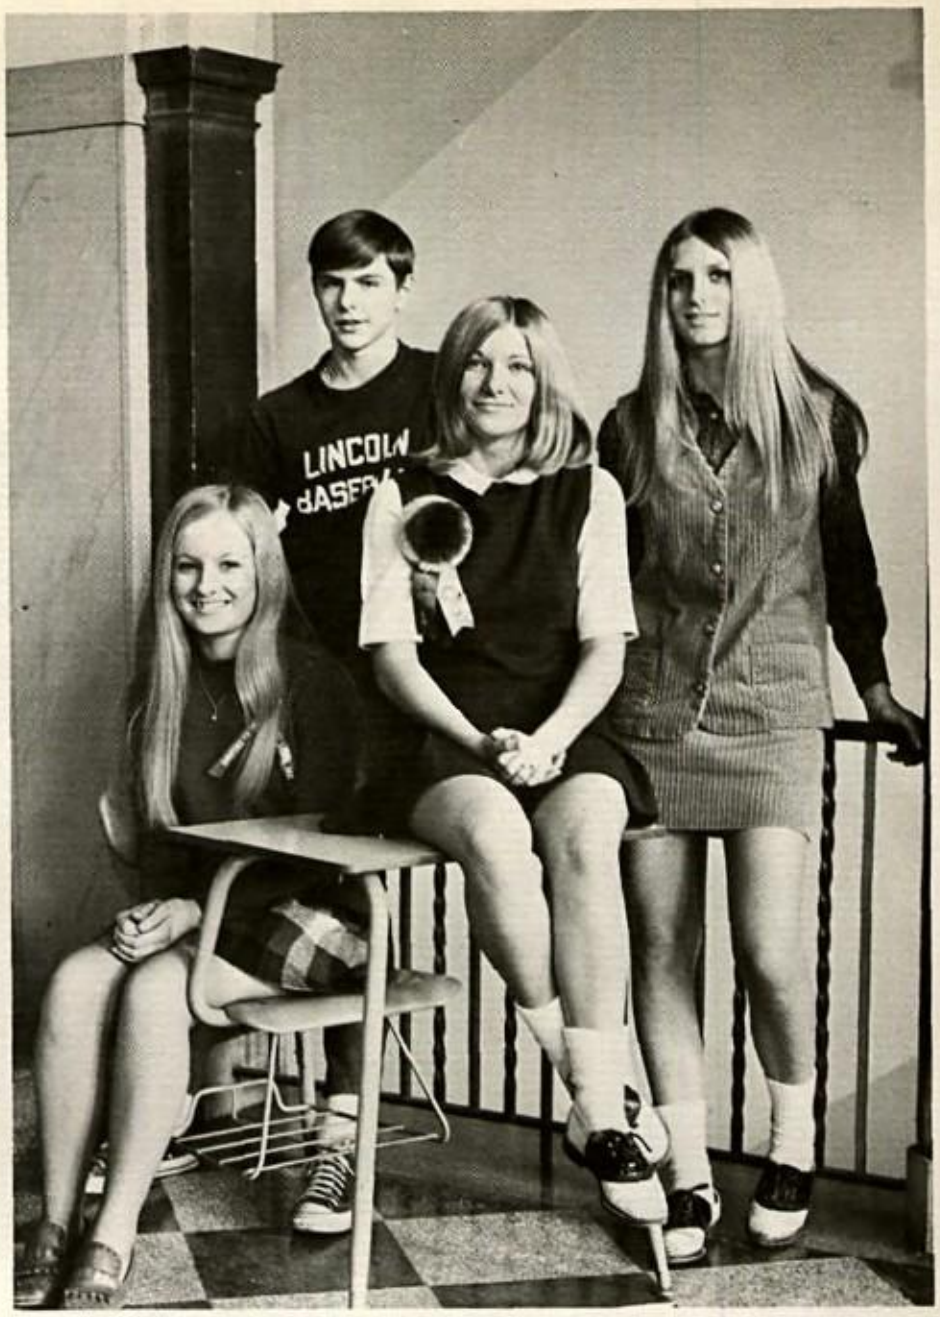
Junior Officers Show Team Spirit

For three years the junior class has shown the true Lincoln Spirit, having rivaled the seniors in pep and enthusiasm. The big event of the year, 1971, was the Junior-Senior prom in May.

The homerooms showed great enthusiasm in collecting small, useful items for Applecreek State Hospital for Christmas. Once again, the Junior class succeeded in bringing in the most items, as they did in their Sophomore year.

Many of our classmates have played on the varsity football and basketball teams. One of the junior girls, Kim Miller, is a varsity cheerleader and typifies the class's spirit of competition at each game. The Juniors are determined to make their Senior year and the class of "72" the greatest!



Junior Class Officers for 1971 are: Cindy Zaleski, Treasurer; Mike Lelakus, President; Diane Bluco, Vice-President; Judy Murphy, Secretary.

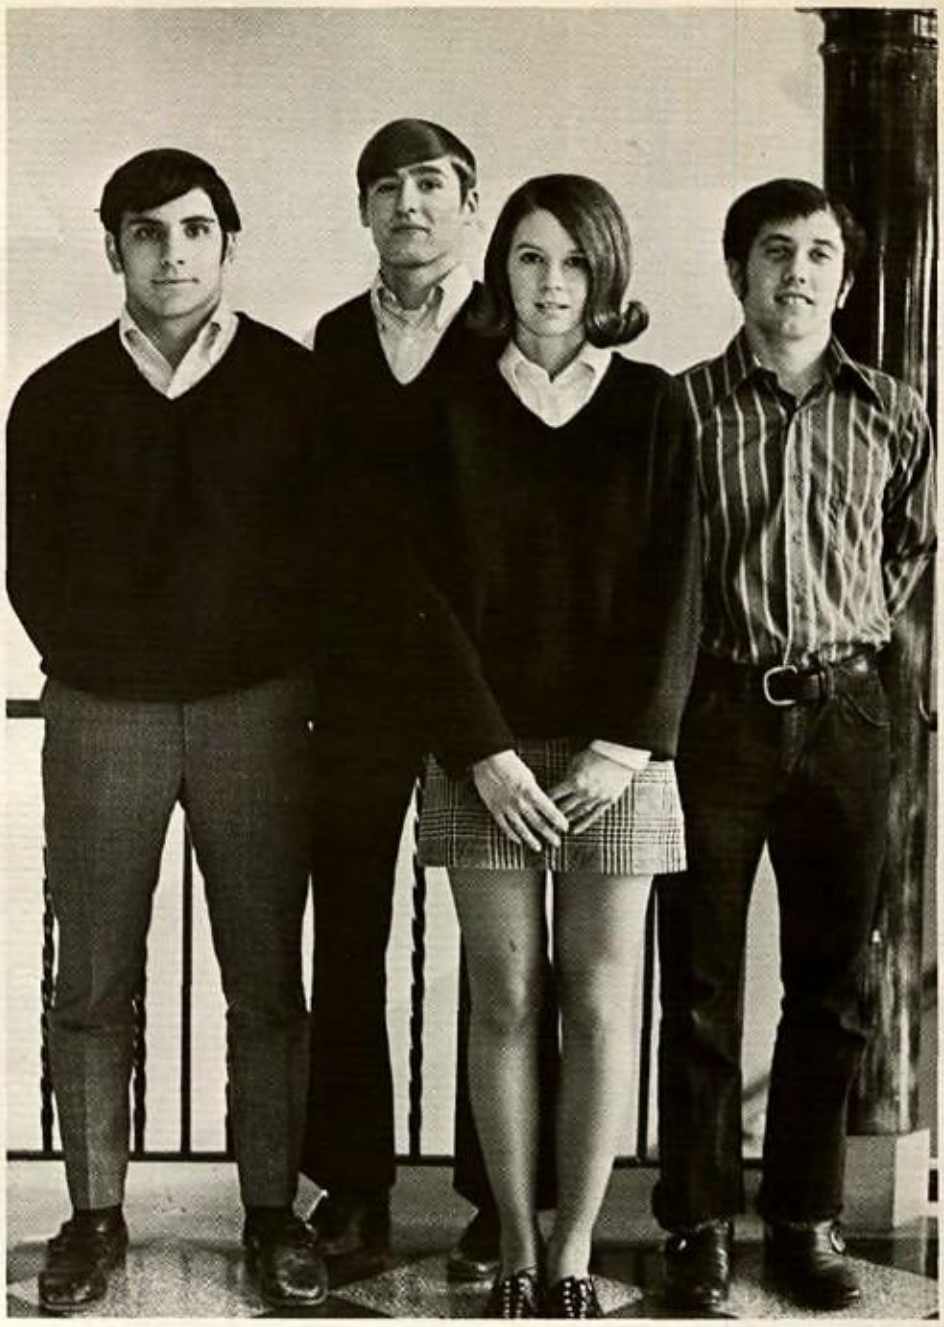
Sophomores Were Given Privileges

In two years, the Sophomore Class has become an integral part of Lincoln's student body. At pep rallies and games, they contribute their voices to cheer the team on to victory.

The Class of "73" is the first Sophomore class to receive the privilege of "free periods" without maintaining a 3.0 average. They also have a class younger than they and no longer are called "Frosh," which is a privilege in itself!

To continue to be the midst of all that is happening, to belong to clubs, to contribute to worthy endeavors, to make the varsity teams in all sports and other activities, are the goals of the Sophomores. In so doing, they will be known as a great class and will enhance the name of Lincoln High School.



Sophomore Class Officers for 1971 are: Tony Venditti, Treasurer; Cap Zaleski, Vice-President; Michele McCarthy, Secretary; Will Logan, President.

Frosh Enthusiasm Shows Promise

One of the hardest things the Freshman Class has to do is to become an integral part of the student body. This year, however, they showed others that they too have school spirit. It was shown by their participation at pep assemblies, their attendance at football and basketball games, and their help with school and Student Council projects.

The Freshman Class held its annual class party on February 25. It gave students a chance to become further acquainted with other members of their class. The Freshmen have shown by their whole-hearted participation that they will make the best of their future years at Lincoln.

Freshman Class Officers for 1971 are: Debbie Hynes, Secretary; Scott Miller, President; Beth Perry, Treasurer; Jim Ellis, Vice President.

Majorettes

So often the cheerleaders and majorettes are taken for granted. Their many talents and hard work are not fully appreciated. The majorettes practice every day in order to keep time with the band. They need to learn new routines and they must perform perfectly in the coldest of weather.

The cheerleaders are also diligent workers. They help organize pep rallies, they paint signs, decorate the halls, and the locker rooms. These spirit builders must be 100% fans. They stand behind the team — win or lose.

Football Coaches: Mr. Everett Daniels, Mr. John Kalagidis, Mr. Lou Venditti, Mr. Hank Miller, Mr. Tom Migge, Mr. Bill Erlitz.

Our 1970 Football Season may well be called the Year of the Lion. Lincoln supported many fine and outstanding football players. Football to each player, was not merely a game or a little honor. It was more a living and learning process. The individual players, with a great deal of team effort and enthusiasm, promoted a well-rounded and challenging season. The 1970 team was the runner-up to the city champs. The team of 1970 can also proudly boast that it presented Coach Venditti with his 100th coaching victory. A new member of this year's team, Steve Melchoir, proved to be at home on the football field. With his fine quarterbacking skills and with the rest of the team's support, many fine plays were completed successfully. Many fine offensive plays resulting in a great deal of yardage gain, were led by Denny Stroud and Dave Shackle. The defensive team was also strengthened by the leadership of Doug Harsh, Kevin Lower, and Jeff Noretto.

This year's Football Banquet will long be remembered by all in attendance. Coach Venditti was surprised and pleased when the members of his first Football team at East Sparta were introduced. Also the annual awards were presented to the outstanding players. Sam Dubina was WHBC's pick for LINCOLN'S OUTSTANDING PLAYER of the year, and a member of the second team All County. Sam also was awarded the Don DeMarsh Award, the Most Valuable Player, and the Defensive Lineman Award. The Offensive Back Award was received by Dave Shackle. Will Logan received the Defensive Back Award and was chosen Rookie of the Year. Football proved to be truly rewarding to each member of the 1970 team.

The 1970-1971 Lincoln Basketball Team provided spectators with many thrilling action games. The Lions started out with a (4-0) record, and were only to be defeated by some outstanding teams in some very close games.

The starting cast for this year's team revolved around three juniors and three seniors. Bob Brykalski, Lincoln's talented giant played well during the first half of the season, but due to leg injuries was forced to sit out the remainder of the schedule. Jeff Kattman, a junior, along with Dave Brown, a senior, shared the rebounding honors this season. A newcomer to this year's squad, Steve Melchoir, also a junior, was the leading scorer for this year's quintet. Due to his outstanding basketball abilities, Melchoir was named to the All-City Team. Chic Weaver, a senior, and Bob Brykalski, junior, received honorable mention on the All-City Team. Chic Weaver, a mainstay all season, proved to be the deciding factor in the tournament defeat of Louisville. During the Louisville game, Weaver's thirty-eight points made him Lincoln's third highest individual scorer. Senior, Tom Trascik, a defensive specialist, was also a key to the Lion's success. Lincoln's strong bench also contributed a great deal to the Lions' victories this season.

The Lions started the season strongly, lost some of their momentum during midseason, but came on strong in the latter stages of the year. Their momentum carried them to impressive tournament victories over Louisville and Jackson and to the sectional title. A hard-fought but futile battle agains Massillon ended the tournament trail for Lincoln.

Two Wrestlers Are Named City Champs

One of the exciting individual sports at Lincoln can be enjoyed by going to the wrestling matches. The team practices after school each day during the season and has many challenging and interesting meets.

Lincoln's wrestling team revolved around the efforts of two returning seniors. These two talented wrestlers were Rick Evans and George Carpenter. Both of these boys are recognized as City Champs. At the wrestling banquet, Carpenter was named most valuable wrestler, and Evans was recognized as most improved wrestler. Another senior on the team, Nick Clark, was named wrestler with the most take downs. Four Lincoln wrestlers also won the distinction of wrestling in the District Finals. These wrestlers were Rive Evans, Kevin Chandler, Jeff Tucker, and Steve Paxos.

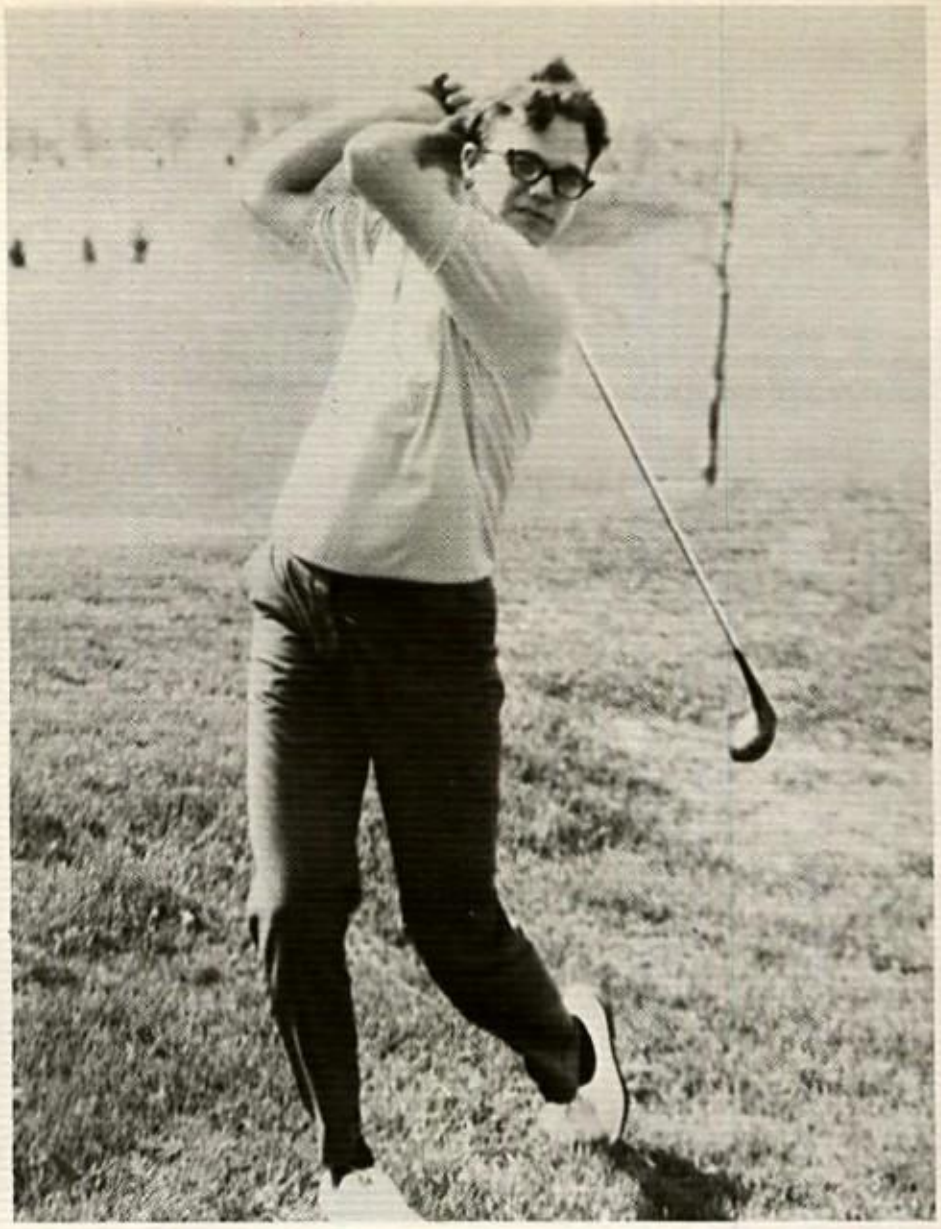
Golf Team: Row 1: Scott Olmstead, Dave Newkirk, Mike Elmore, Greg Babcock. Row 2: George Sheldon, Doug Harsh, Greg Phaus, Fred Niewierski.

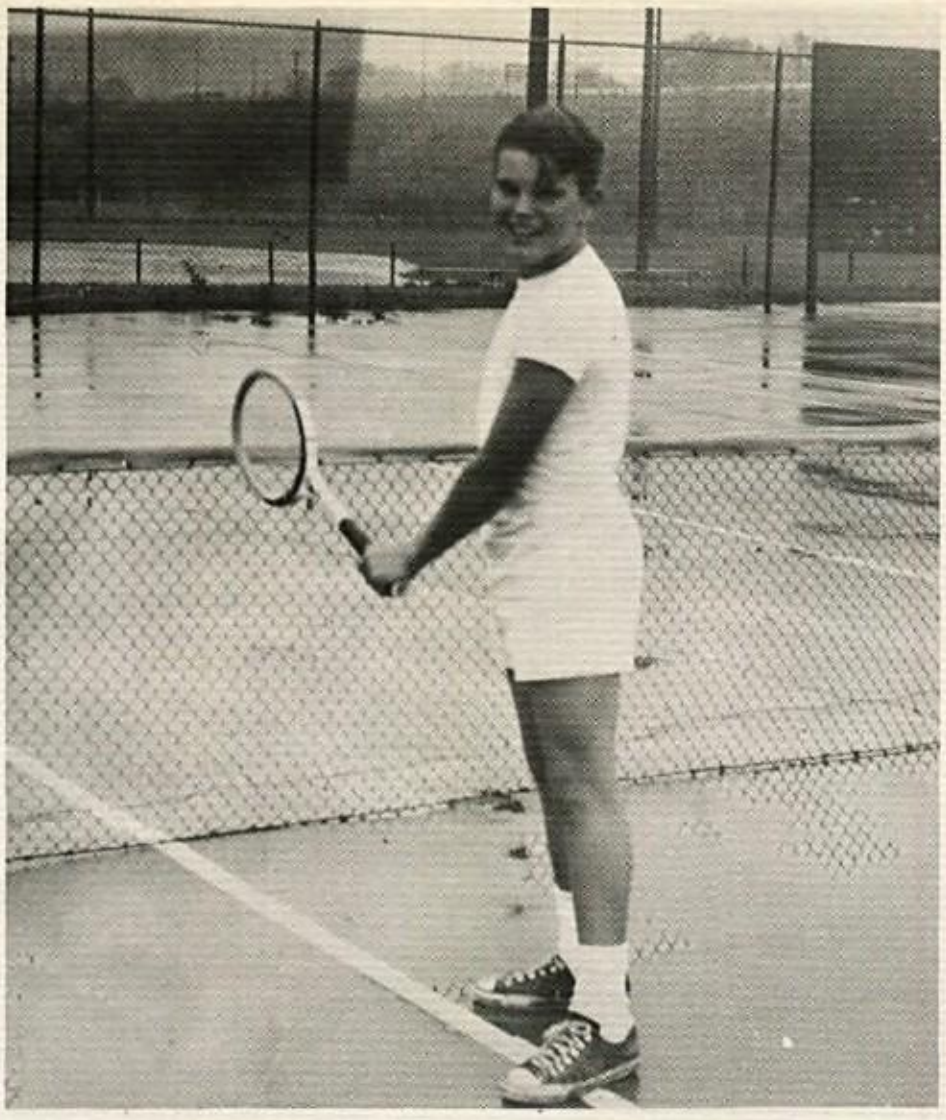
Although it won only two matches, the 1969-70 golf team was composed of many fine individual golfers. The two wins this season were against Louisville and McKinley. Coach Vendetti foresees a good season next year, since nearly all his linksmen will be returning. Practice and improvement are the keys to the 1970-71 golf team.

The golf team does not have a home course. It plays its matches at North Canton Bob-O-Link. It has a beautiful course and is a challenge to the team.

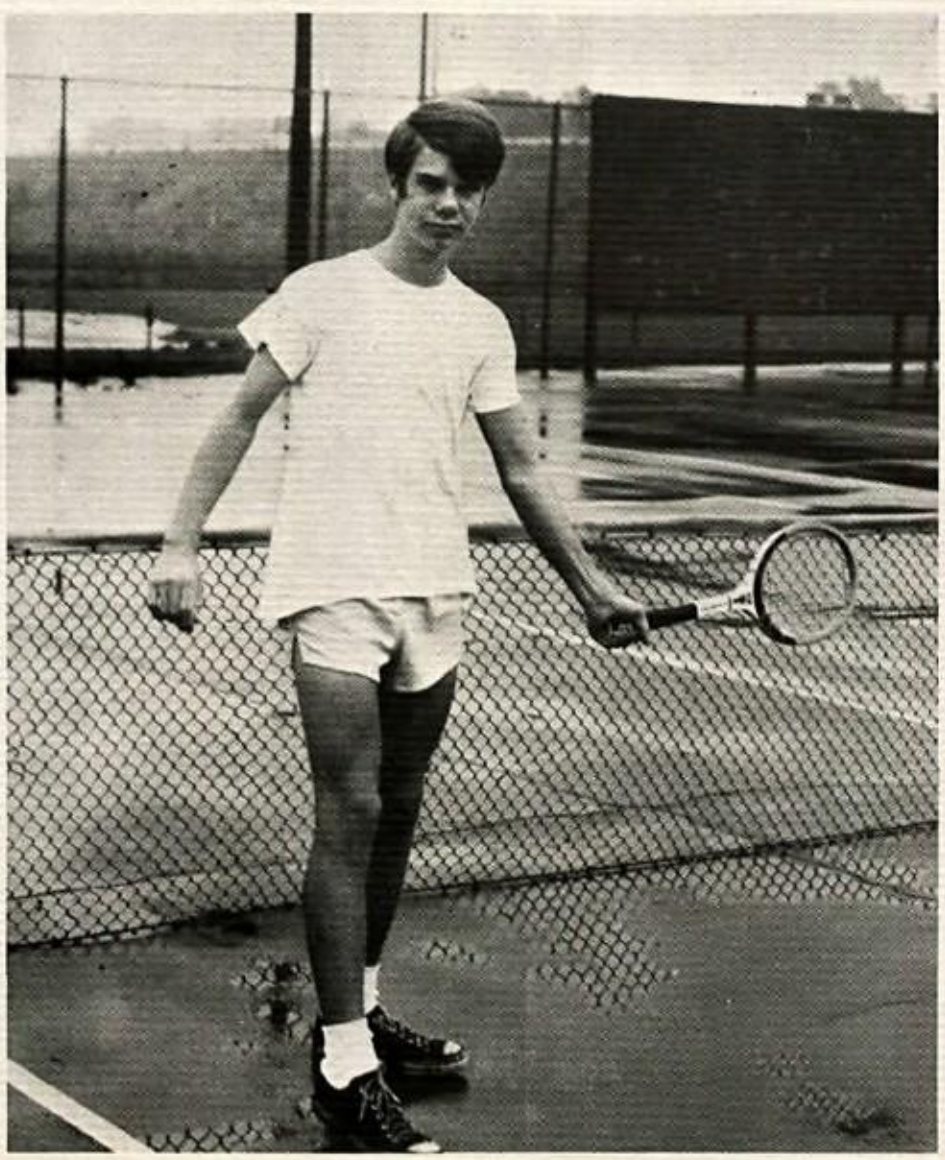


Greg Babcock drove onto the green.

Team members anticipated Babcock's putt.



Dave Early was caught by the camera during a practice session.



Rain or shine, Dave Guertal will practice.

Tennis Team Stuns McKinley

Dave Early shows how he jumped the net.

McKinley High School was stunned when the Lincoln Tennis Team won two decisive victories in matches at Shorb Field.

Keith Treiber, an outstanding player, advanced to the District Tournament and was defeated only by the eventual winner.

The team put its heart into every battle and had a season record of two wins and ten losses.

Next year's team will have three lettermen returning. Dave Early, Chris Heintzelman and Dave Guertal will hopefully be looking forward to an exciting season.

Rick Horton Runs at State Meet

Uphill sprinting was one of the team's specialties.

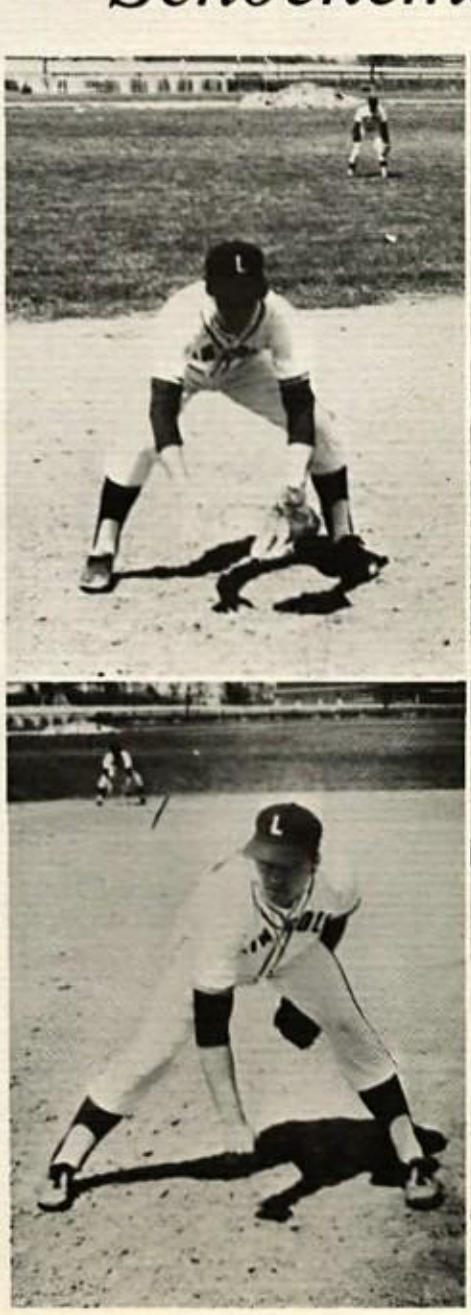
Seniors Welch and Horton finish for the last time.

In ten regular season meets, the Cross Country team defeated 53 of 86 teams. This outstanding performance gave Lincoln its third straight winning season, since the formation of the team. After the regular season, Rick Horton was the first runner from Lincoln to qualify for the State Meet in Cross Country. Coach Griveas said, "This year, whose only seniors were Ed Welch and Rick Horton, was young and rebuilding." The Dual Meets Record was 15 wins to 7 losses. The Invitational Meets Record was 38 wins to 26 losses. This record gave the team a .620 winning percentage.

Cross Country Team: Row 1: Doug Babcock, Cecil Coleman, Jeff Shivers, Gordon Ralph, Tim Cummins, Gary Mitchell. Row 2: Coach Griveas, Tim Welch, Dave Guertal, Jim Ellis, Rick Horton, Paul Reheus, Ed Welch, John Zaum.

Row 3: Bob Biddle, Bill Goulden, Don Biasella, Dave Brown, Dave Toderan, Sam Dubina, Mike Lelakus. Row 4: Kevin Chandler, Mike Drumm, John Walters, Scott Trascik, Chester Hanniger, Tom Sanderson. Row 5: Phil Budervic, Mike Lewis, Mike Miller, Kent, McMahon, Will Logan, Steve Miller.

Schoeneman Chosen Most Valuable Player . . .

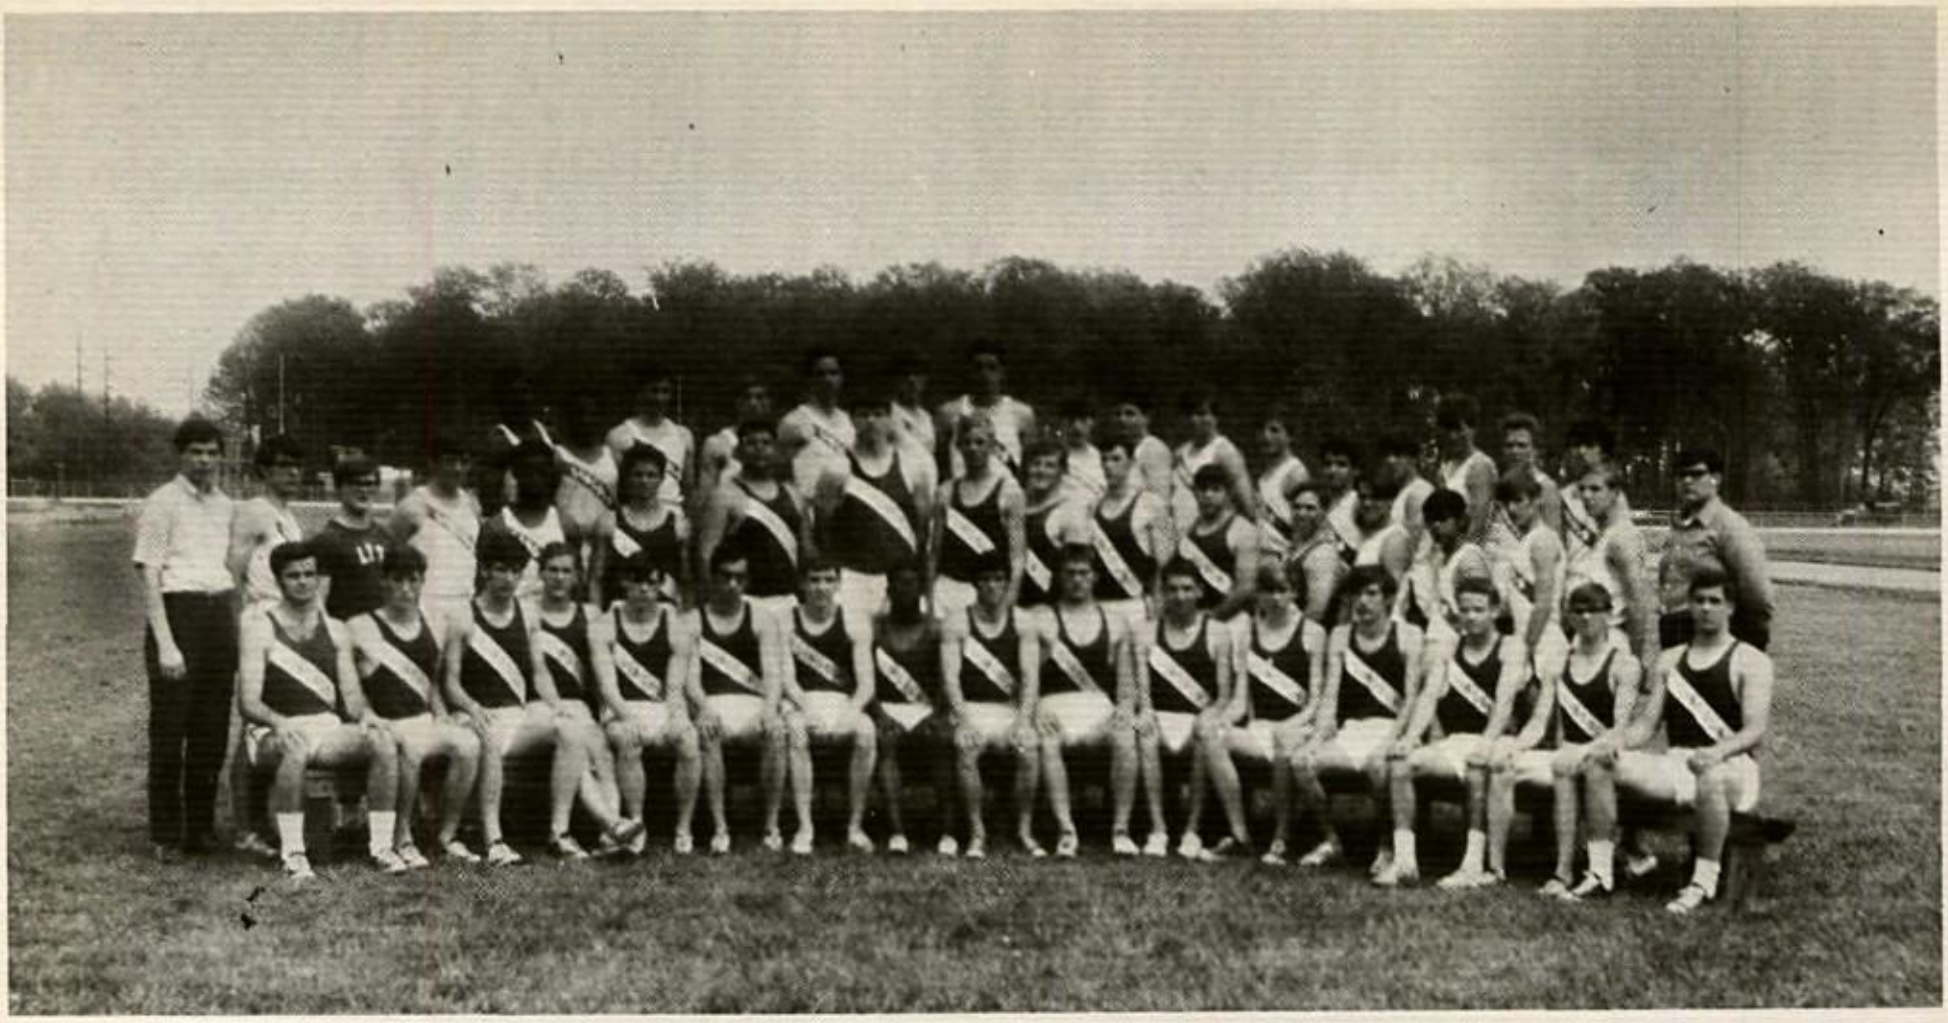


Co-captain Doug Miller, was an outstanding catcher.

Leading the team to a successful season, Bob Schoeneman and Doug Miller, three year regulars, proved to be strong baseball co-captains. Miller earned a high batting average of .582, while Schoeneman maintained a high of .552.

Todoran, Kramer, Miller and Spicer stole 60 bases combined, while Frank Spicer stole 38 bases over a two-year span. Most Valuable Player, Bob Schoeneman, represented Stark County in the All-City game in Columbus.

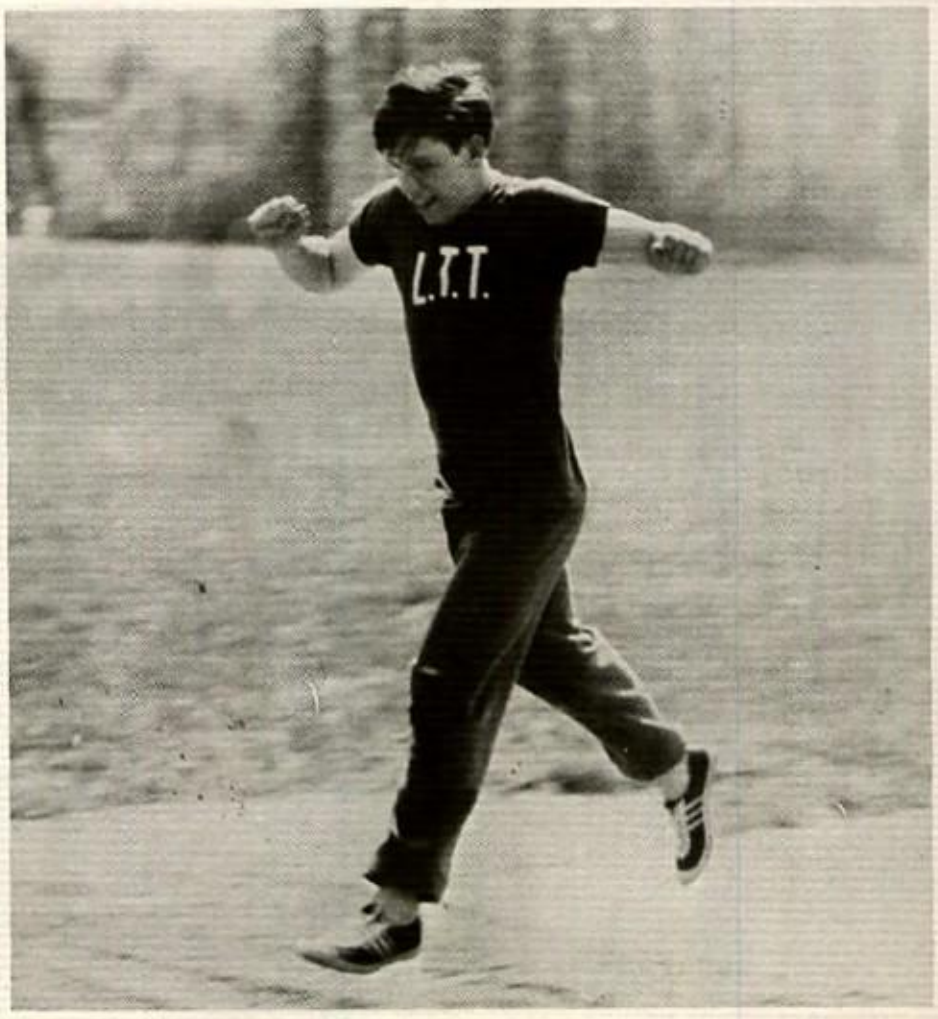
Tim Gatts, Jim Nolte, Jeff Hinchcliff, and Terry Todd played vital positions on the baseball team.



Track Team: Row 1: Rick Burlingame, Keith Hill, Rick Ostrander, John Weaver, Bob Price, Dennis Pellegrino, Mike Heidenreich, Cleve Battles, Jack Crider, Bernie Harter, Jim Kestel, Steve Swope, Ralph Mallon, Bob Addington, Mark Miller, Jeff Shupe. Row 2: Robert Krumm, Rick Sabo, Dennis Bartow, Gary Siegfried, Charles Battles, Gary Smith, Kevin Lower, Bob Brykalski, Jeff Kattman, Larry Campbell, Rick Horton, Rick Oyler, Dave Shackle, Ed Welch, John Zaum, Ron Johnson, Dwight Rohrbaugh, Ned Lowe. Row 3: Sam Perkins, Dennis Stroud, Rick Stalder, Paul Reheus, Jack Harthine, Irving Corn, Mike Guerra, Anthony Gottschalk, Keith Prosser, Bill Auvil, Phil Shundry, Stamalious Paxos, Edward Malernee, John Mansfield, Danny Smith, Lewis Plott.

Track Team Sets County Record.

Bernie Harter demonstrated the pole vault stance.



Dave Shackle sprinted to another Lion victory.

Gary Smith practiced his pole vault for a coming meet.

Jean Voltz reigned as track queen.

Led by Co-Captains Cleve Battles and Jack Crider, one of Lincoln's outstanding track teams set a Stark County record — 111 points scored against a single team. The team also set a school record, 89½ to 37½ points, for the most points scored in a ten-dual meet season. Jack Crider set a high point record of 199 points in a single season.

The Lions were well represented in the State Meet by Rick Horton in the two-mile and Kevin Lower in the shot put. Lower, who was undefeated in the shot put, was also chosen Outstanding Athlete.

For the first time in Lincoln's history, a track queen was chosen by the team. To add a bit of feminine charm and inspiration, Jean Voltz was named as the team's choice.

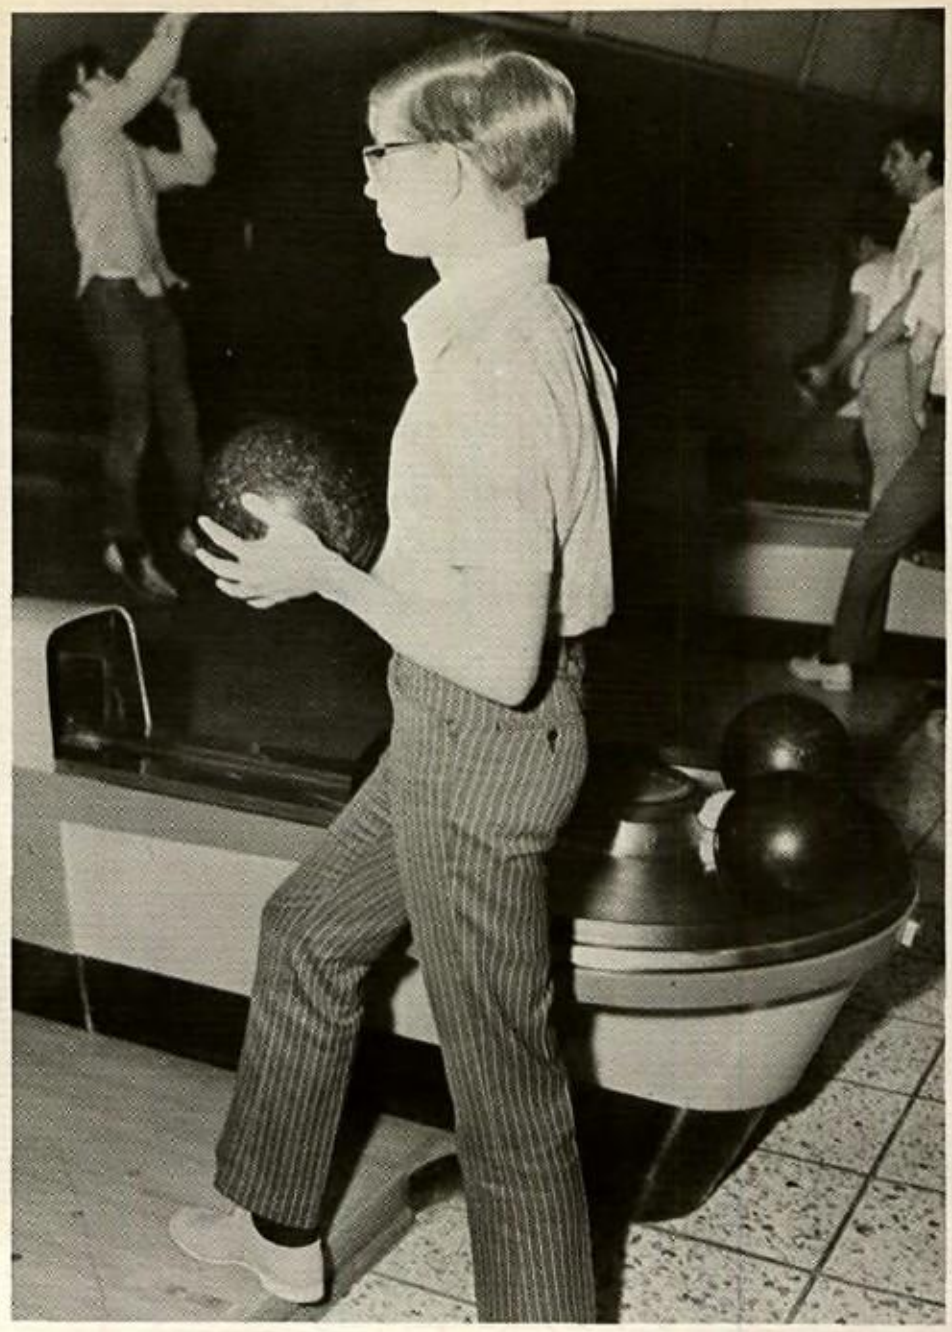
Hall of Fame Lanes Is Home to Team

The Interscholastic Bowling League was established last year to promote friendly competition on the bowling alley among the country high schools. Terry Fry, Manager of Hall of Fame Lanes and creator of the league that bowls on Mondays at 4:00, hopes that the league will eventually consist of one team from each of the high schools in Stark County.

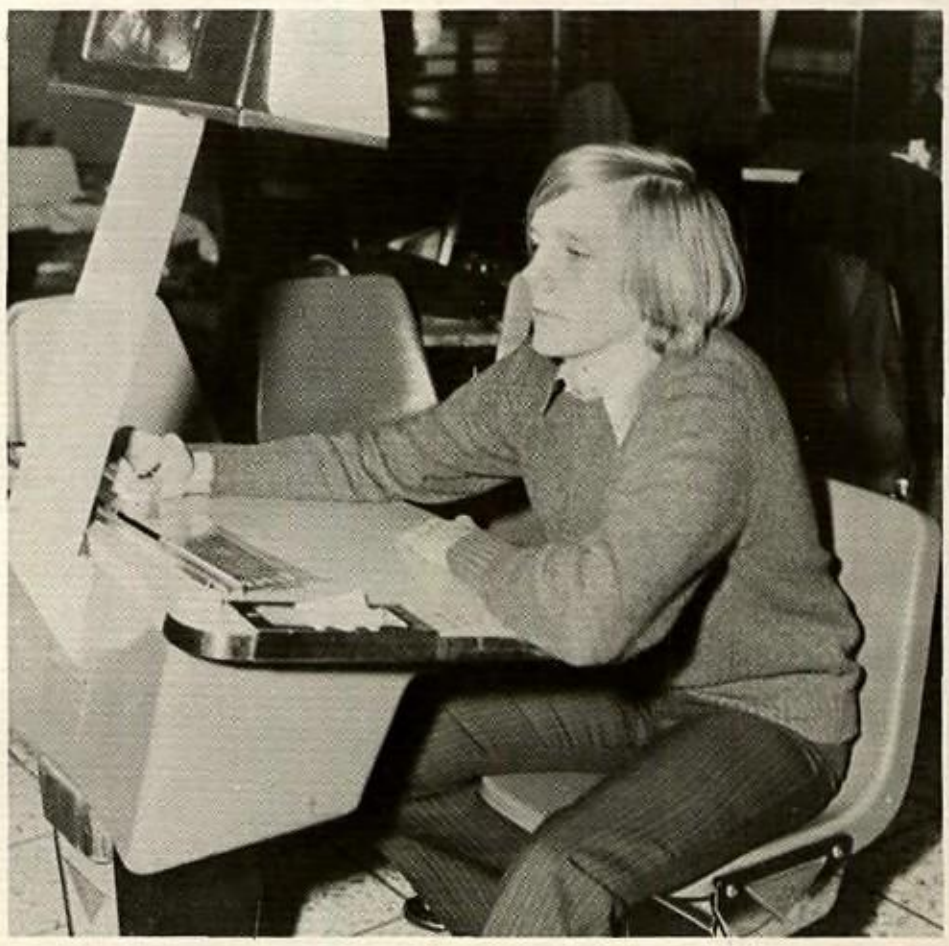
In the first year of Competition, Lincoln "A" won the league championship, winning individual trophies and a huge rotating trophy that sits on the safe in the main office. Members of the team who brought the trophy home are Gary Akin, Jeff West, Ken King, Dick Horne, and Jeff DeMarzio.

This year the "F" team was in competition for the trophy. The "F" team consisted of three sophomores, a junior and a freshman.

Mr. Tom Migge, Coach, set up a game between the faculty and the team. The majority of the games were won by the team members. However, Mr. William Wolfarth and Mr. Robert Menarcheck were victorious in their matches.



Ken Snyder concentrates on the pins before he steps in position to shoot.



Ken Cameron keeps score as his teammates bowl.

The bench press practiced by Tony Venditti, is an important part of physical fitness.

Forty boys participated in the physical fitness program this year. This has been the third year for such a program. Physical fitness was held three nights a week during the months of January and February and helped strengthen bodies and keep the boys in shape. The physical fitness program was supervised by the football coaching staff and was open to all boys, not just football players and other athletes. The program has proved to be helpful in developing boys who want to become a part of the athletic program.

At the beginning of each session, warm-up drills and exercises were done by the entire group. After these were completed, the boys were divided in various stations. These stations consisted of weight lifting, bench presses, chin-ups, pull-ups and various other feats. The boys then rotated among these various stations until all stations had been completed by each boy. The boys worked at their own speed and rate, hoping eventually to increase their stamina and endurance.

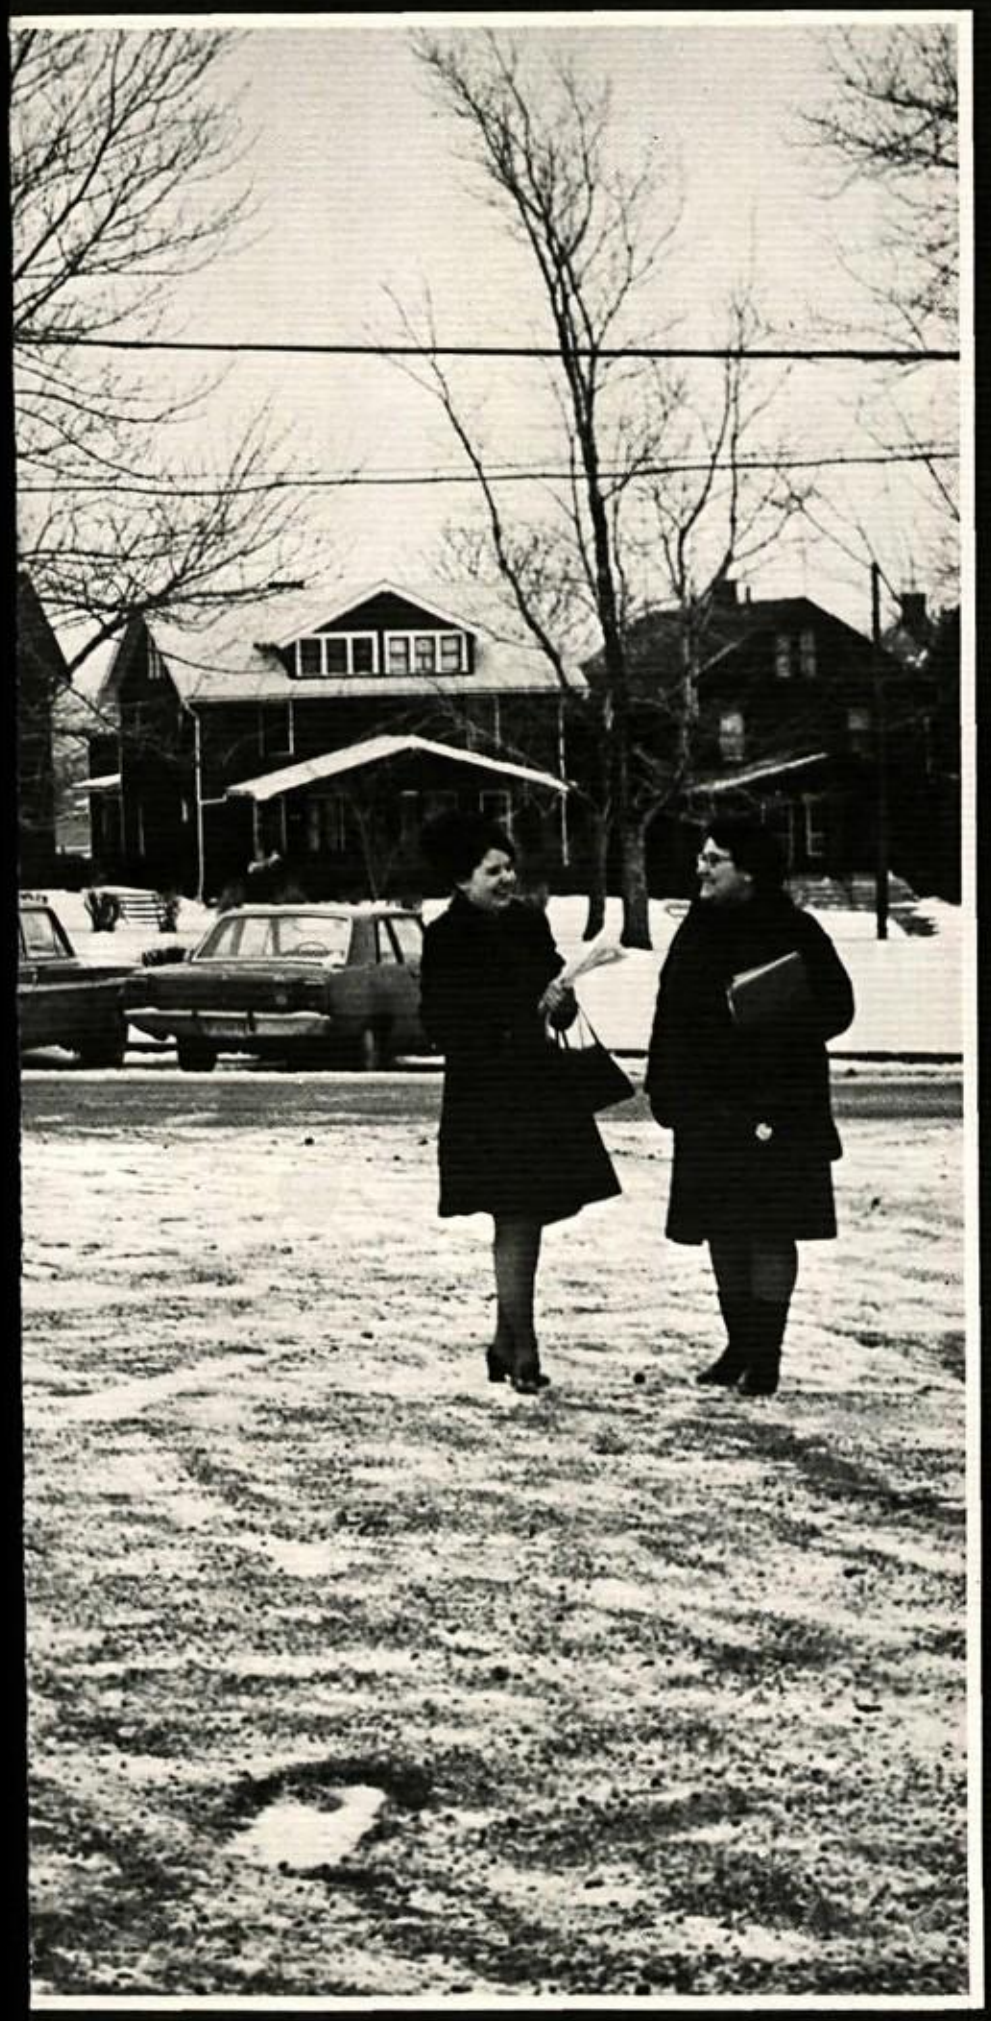
Chuck Beck demonstrates his physical stamina by lifting weights.

ONE
WAY



I have so much
to be grateful for.
The people,
placed on the earth
are here to help me
learn to live.
One day,
because of those who
have helped me,
I shall be able
to help others.
To take someone by
the hand,
As someone else once
took me,
and say,
"This is the way
to real living."

Continued Education Assured by Vote

The youth of the city will be leaders and important citizens of tomorrow. Knowing this, the two men that head the administrative staff of the Canton Public School System spend many hours trying to provide the best educational opportunities with the money that is available. The administrative staff constantly works to improve the educational methods and teaching staff and give their recommendations to the Board of Education for consideration.

The Board of Education is a group of civic-minded citizens, elected by the people of Canton. Each one has dedicated himself to the task of providing quality education to all students.

Administrators: Halbert E. White, Assistant Superintendent of Schools, B.S. in Ed. — Kent State University, M.A. — Columbia University. Henry P. Kurdziel, Superintendent of Schools, B.S., M.A., Ph.D. — Case Western Reserve University.

A school must be well-organized and supervised in order to train students who are ready to fill the needs of a community, William Wolfarth, Principal and Robert Ashby, Assistant Principal, maintain an orderly school in which students and teachers can work without interruptions.

Lincoln High School is a very pleasant place, both for students and faculty. Each of them have a great deal of freedom for self-expression, yet they realize that they are expected to live up to the traditions that have been set at Lincoln.

Mr. Wolfarth, in his 16th year at Lincoln and Mr. Ashby, in his first year, do a commendable job in overseeing the jobs and activities of the Professional, Cafeteria, Custodial, and Secretarial Staffs and the student body. The staff is encouraged to do the best job possible in the teaching of students and in providing a good environment. The students are encouraged to come to school with a learning attitude so that they might get the most out of the four years spent at Lincoln High School.

The camera catches Mr. Wolfarth working at his desk.

Counselors Stand Ready to Serve

Upon entering high school, guidance is often needed in adapting to a new environment, new friends and new courses of study. As progress is made through high school, other needs such as career choice, college, military service or personal problems need to be discussed.

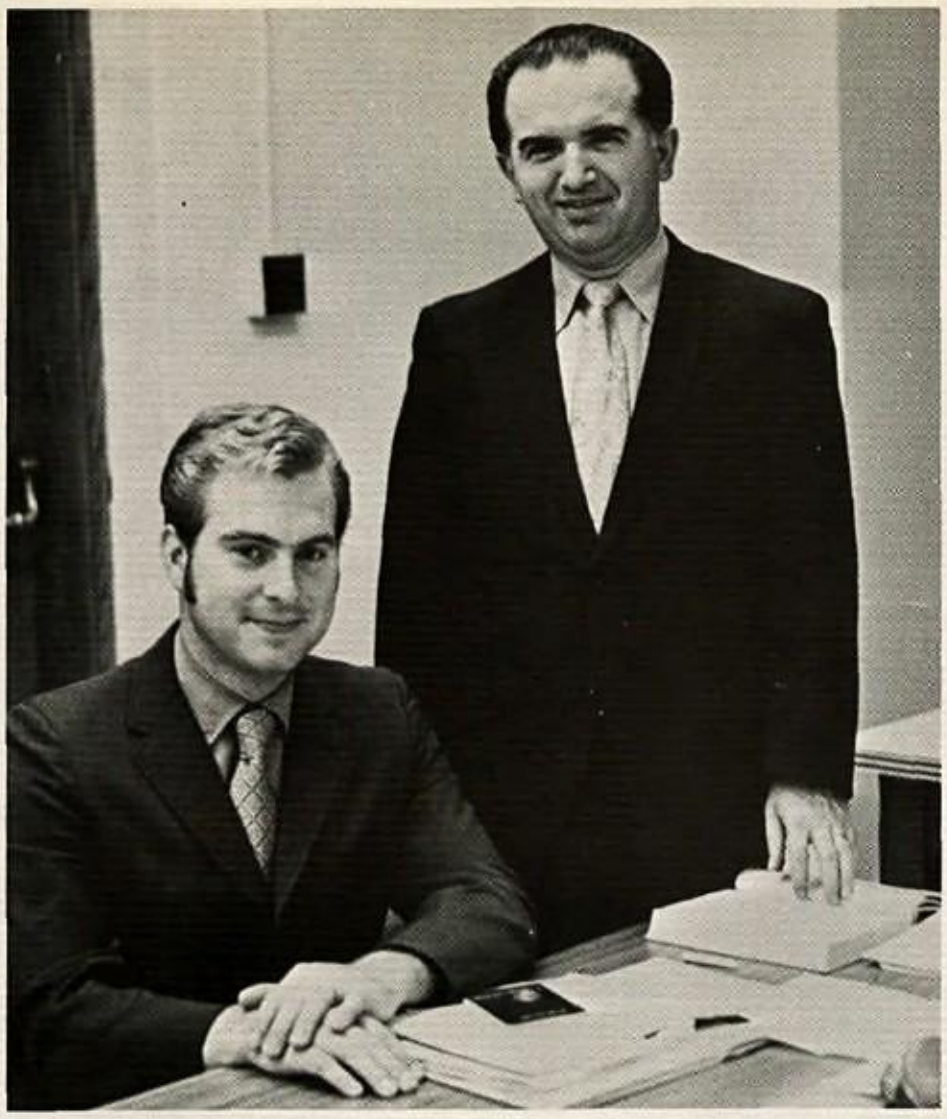
Four people at Lincoln spend almost every minute of the school day helping those students who have problems needing an adult's guidance and insight.

The goal of these counselors is to encourage young people to take full advantage of the educational opportunities of our school, thus preparing themselves to become happy, successful citizens in the future.

To quote them, "We stand ready to serve our youth."

Counselors: Left to Right: Robert Menarcheck, Miss Margaretta Eckis, Miss Helen Gatchel, James Weinmann.

Charlene Robinette discusses her subjects with Mr. Weinmann during a conference.



Vocational: Left to Right: Edwin Seeton, D.E. George Oancea, C.O.E.

Business and School — Partners

To learn to be an efficient office worker, the girls in Co-operative Office Education take many different subjects. The class relates to the student's on-the-job training. The subjects include: grooming, human relations, business English, office math, filing and any other topic that may help the student at his training station.

The classroom activity of each student differs in Cooperative Office Education because each student has a different career objective.

Distributive Education trains students for careers in retailing, wholesaling, and service occupations. Junior students take one class of D.E. I along with their junior subjects in the regular school program. In the senior year, the student trainees attend one class of D.E. II in the morning and take the other required senior subjects for graduation.

The senior students work in the afternoon. They receive an average of 15 hours per week supervised work experience under actual work conditions. They receive both a grade from the employer and teacher.

Job Skills Are Important

Students are learning the skills that are important in finding and holding successful jobs in Lincoln's Occupational Program. The regular curriculum of English, mathematics, social studies, and business is taught to Occupational pupils.

In English, they learn the correct procedures for telephone speaking, job interviews, and check writing; in mathematics, how to keep checking and saving accounts, payrolls, and bookkeeping; in social studies, current events; and in business, how to get a job and be successful in it.

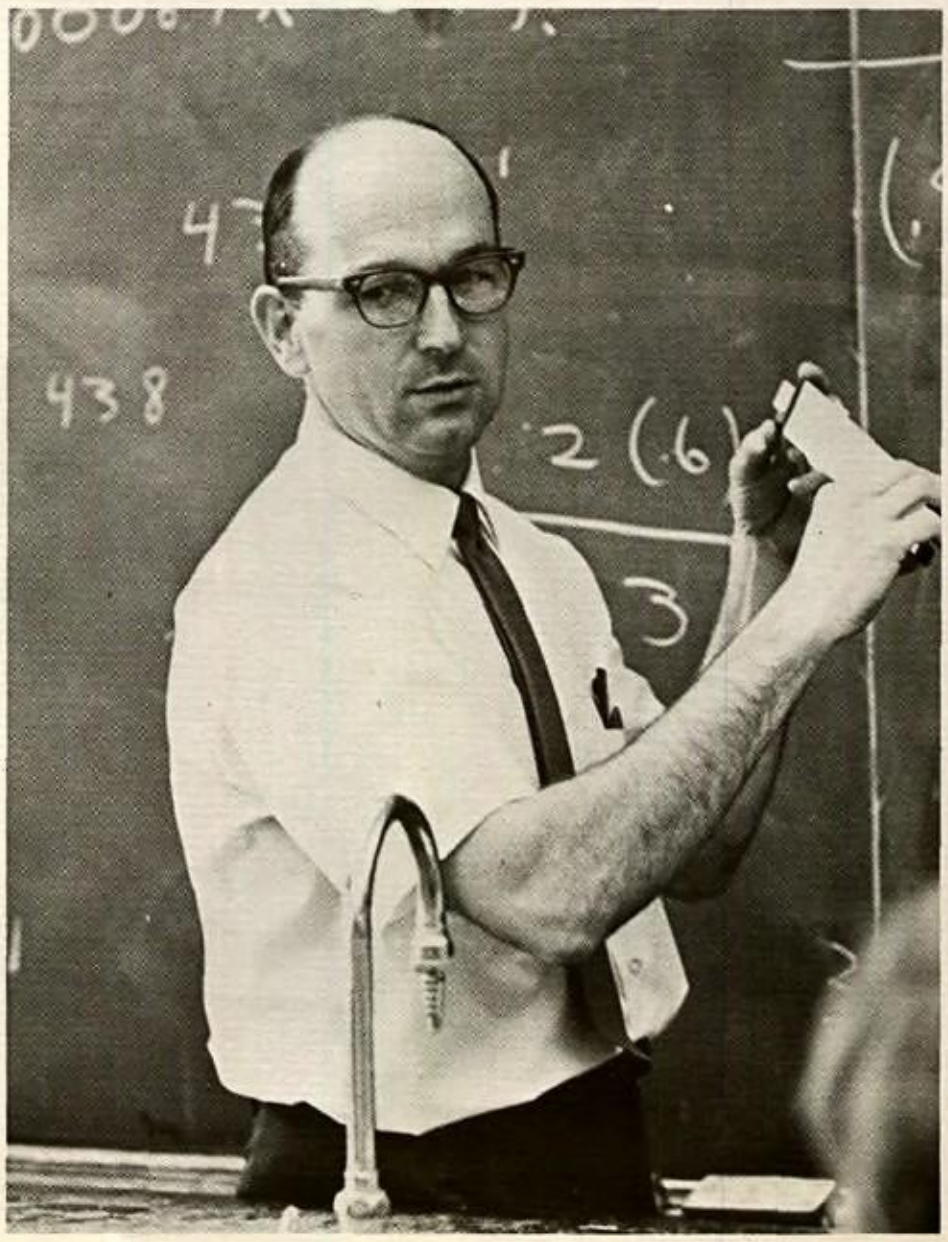
Occupational: Left to Right: Miss Joyce Lemke, Tarry A. Taylor.

Math: Left to Right: Mrs. Lucy DeComo, Miss Arabella Hopkins, Lou Vendetti, Kenneth Newlon, Xenophon Griveas.

Logic Is Basic in Study of Math

Never before in our history has there been a greater need for the technique of applying logic instead of emotion to our thinking. Math helps students find the false reasoning in what they hear and read. It also gives the rules for effective self-expression.

Numbers are used every day by every person in all endeavors large and small. We use it in counting, telling time, buying, selling, and all facets of everyday living. The Mathematics Department teaches the fundamentals and skills of general mathematics, Algebra I and II, geometry, senior mathematics, and calculus.



Mr. Kenneth Rook, a math teacher, explains the usage of the slide rule.

Home Economics: Left to Right: Mrs. Ann B. DeGuilio, Mrs. Elizabeth Rowe, Mrs. Nancy Nichols.

Everyday Living Is Stressed

To a single girl, working wife and to the full-time homemaker, home economics is very valuable, and a course to which girls should devote a great deal of their school time. Foods, clothing, child care, home management and interior decorating are some of the courses the girls should take in preparation for what, to all girls, will be a life-time vocation.

A one-year college-bound course offers an overview of the entire field. Girls are able to decide whether or not to plan for careers in home economics while yet in high school.

Some learned individuals think that many of the world's problems have resulted as a consequence of the knowledge gap between the natural and social sciences. For decades, man's learning in the former has exceeded that of the latter.

Lincoln's social studies' faculty works hard to help bridge this gap. Students, can make this a better world by putting forth an extra effort in social studies classes.

Social Studies: Row 1: Kenneth Neff, Oliver Davis, William P. Erlitz. Row 2: Norman Burch, Reginald Grosklos.

Industrial Arts: Left to Right: Henry Miller, Lee Connor, Carl Campbell, Malvern Randels, Rennard Merry.

Learning Is Easy on the Job

Most students in high school would like to be trained for a future job when they finish. Industrial Arts is one of the departments that offers this opportunity.

Various skills are taught in five different areas: carpentry, welding, mechanical drawing, metal and electric shop and power mechanics. An early-morning class is taught at 7:00, so all students who are interested in mechanical drawing have an opportunity to take it.

Occupational Work Experience is a program designed to provide on-the-job training during the school day for students who are not preparing for college or learning a trade skill. Students for the program are selected by the school counselors and approved by the teacher coordinator.

Students are enrolled in academic subjects for one-half of the school day and work part or full-time jobs. The students meet with the coordinator one period a day. Credit is granted for both class and on-the-job experience.

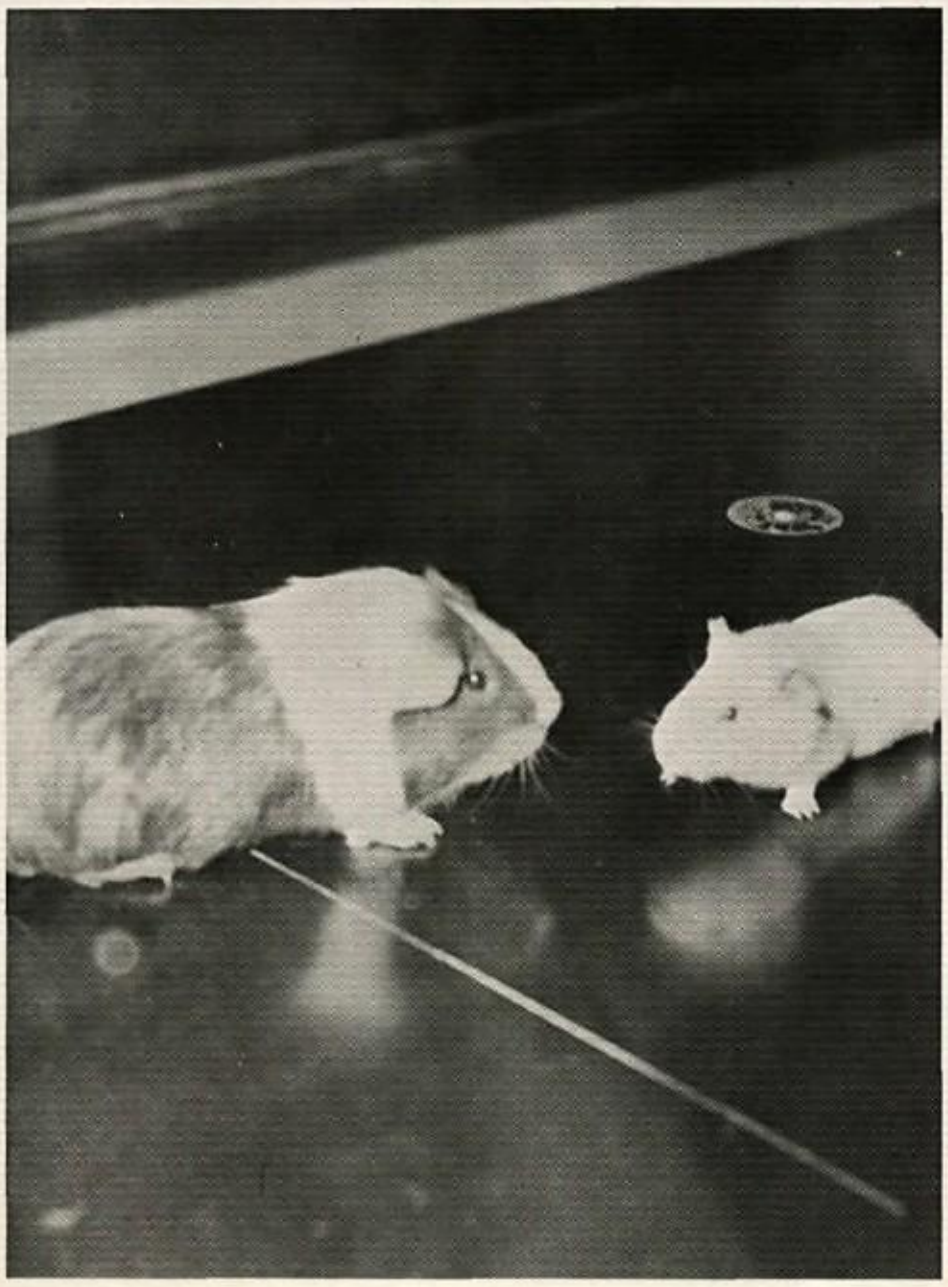
Science: Left to Right: Donald Howenstine, Thomas Migge, Miss Karen F. Kline, Mrs. Jane Hazen, Thomas Jednaszewski, Everett Daniels.



Constant Change Affects Theories

Science is too often thought of as cold, hard facts and rigid theories.

In science, ideas are just as important as facts. The growing changing quality of science results from both the influence of ideas upon facts and the effect of facts upon ideas. Science is a body of factual information, a set of theories, a group of activities and procedures for finding facts and developing ideas.

General science teaches the basics of all sciences. Earth science gives a solid foundation in understanding earth processes and earth history. Biology and physiology are life-science courses leading to careers in medicine, nursing, public health, pollution analysis and medical technology. Chemistry provides a background for engineering, medicine and many allied fields. Physics is the branch of science dealing with the discovery and applicaton of the physical laws governing the behavior of all objects in our universe.

Mr. Howenstine's hamsters are regular visitors to the physiology classes.

Self-Expression Is Vitally Important

Fine Arts: Left to Right: George Toot, R. Donald Stump.

Artistic, musical, and dramatic activities provide enjoyable channels through which learning can take place. In the Fine Arts Department, a student is taught to express himself through art and music and to develop a sense of personal satisfaction in what he creates.

Self-expression is motivated by the Music Department through vocal and instrumental means. Concerts, both band and choir, help to develop natural abilities and to discover new ones.

Creativity is inspired in the Art Department through the various art courses provided. Special school projects are done for the school and for student organizations.

Both departments working together create a feeling of responsibility among the students to do their best. They also learn how to appreciate the fine arts and will be aware of the value that music, art, and drama add in making a student a learned person.

Fine Arts: Standing: Mrs. Constance Steenbarger. Seated: Harry D. Mason.

Foreign Language: Row 1: Miss Darlene Bennett, D. R. Greenham. Row 2: Mrs. Norma Huth. Row 3: J. Frederick Goettler, Mrs. Anita Petry.

Agreement Needed Among All People

The growing enrollment in foreign languages reflects an increasing awareness of the need for developing better understanding among all people. The Language Department offers at least four years in each of three languages: French, German, and Spanish.

Our language program is being enlarged and modified each year in order to accommodate the increased enrollment, especially in advanced courses. Among the newer offerings in French VI, are individual study programs. The student is given special reading assignments to be completed with little or no help from the teacher. Interest is also growing in the Advanced Placement Program. Students work outside of classroom activity in preparation for the A. P. test, given in the spring. Many have acquired high scores in reward for consistent study.

Library Acquires New Look

One of the busy places at Lincoln is the library. It has taken on a bright new look with some new furniture and a touch of color here and there.

The book collection is not large, but every effort is made to fit it to the curriculum of Lincoln High School. The library provides a quiet place for the students to study their assignments, to do research work for a term paper, or just sit and read a good book or magazine. There is also information about selecting a college, college entrance requirements, costs and programs. The shelves are filled with richly illustrated books for those who need pictures or diagrams and high interest low-reading level books for those who haven't acquired a taste for the more serious texts, as well as the academic texts for those who wish to do some serious reading.

Librarian: Miss Eloise Geiger

Educators Strive for Communication

English: Row 1: Lee D. Lavery, Mrs. Betty Ruth VerBeck, Mrs. Ann M. Zivadinovich, Miss Margaret Montgomery, Aldo Massimo. Row 2: Ed March, Miss Clara Agnoni, Wade D. Lessig, Mrs. George Ann Stranger, Warren Fox.

A society as increasingly complex as ours, a society in which knowledge and skill in the use of the English language is becoming more and more essential to the success and happiness of individuals makes it imperative that educators constantly strive to develop in students the ability to communicate. The English department stresses the importance of every phase of the language arts, taking cognizance of modern trends, usage and implications in the study of the English language. The objectives are: to increase the skill of communication through the study of English usages and through written composition; to encourage good reading habits as well as a desire to read; to enrich experience, broaden interest, and develop appreciation through reading good literature, both contemporary and classical; to help construct relationships among reading, writing, speaking and listening; to arouse interest in new words and to recognize the importance of effectively enlarging vocabulary; to provide opportunities for creative writing; to develop critical thinking.

English: Left to Right: Miss Vivian Wolf, C. D. Forrest.

Business: Left to Right: Miss Betty Diane Hannah, Mrs. Faye Gaylor, Paul W. Shafer, Carlton Gowdy.

Physical Skills Are Essential

The noise of typewriters and various other machines, the sound of music, and teacher and student voices are a constant reminder that the students in the Business Department are busy learning the various intricacies of shorthand, typing, bookkeeping, office machines, business law and general business.

Some students will use their skill only for personal use. However, many others plan to make the business program the core around which they build their future career in an office or use it as a basis for further training in college.

To be physically fit should be a goal of every high school student. This objective can be achieved with help from the Physical Education Department.

Gym classes are designed to help the student develop muscles, learn to make decisions, and to get along in a group. To accomplish this, students take part in calisthenics, stunts, tumbling, and team sports.

In the two year program, that is required, it is hoped that students have learned that physical activity can be both useful and enjoyable. Health is also a required subject of the Physical Education Department.

Mr. Gowdy demonstrates how to regulate height of chair.

Physical Education: Larry D. Ellison, Mrs. Kathleen D. Pretty.

Staff Gives Aid In Crucial Areas

In order for the school to function efficiently, the principals and teachers need help in various areas. Two secretaries work in the main office. Their duties include typing, answering the phone, keeping records up-to-date and meeting the public.

One secretary works with the assistant principal and her duty is to keep the attendance records and to talk with students, who have been absent, and parents, who call. The secretary, who works in the library, does whatever secretarial work that is necessary and assists the librarian where needed.

The nurse works in two capacities. She takes care of the health problems of both teachers and students and is in charge of all the medical records of the students.

The Freshmen are assigned to study hall. The proctors provide a quiet place in which they can study. They also supervise students, without passing grades, who are placed in study halls.

Secretaries: Standing: Mrs. Lena Okey, Mrs. Mary Pace. Seated: Mrs. Martha Rhodes, Mrs. Elinor Sautters.

Proctors: Mrs. Alice Ludwig, Mrs. Beatrice Roth.

Nurse: Mrs. Dorothy Newman, R.N.

Staff Helps to Make School Pleasant

Cooks: Left to Right: Mrs. Bonnie Hanley, Mrs. Bette Wakefield, Manager; Mrs. Mary Lindesmith, Mrs. Vivian John, Mrs. Verna Fitchko, Mrs. Alice Griffith, Mrs. Kathryn Kell.

At the beginning of home room period, everyone starts to think about lunch. The cooks have been busy for a number of hours preparing a lunch that is both good and nutritious. The menus are varied each day and there is something to suit everyone.

A building which is neither too hot nor too cold, and one that is clean is often taken for granted. This, however, does not just happen by chance. The men that make up the custodial staff work hard so that we will take them for granted.

Custodians: Row 1: Ralph Hanes, Head Custodian; James N. Zuber, Albert M. Waidman. Row 2: Howard G. Williams, Paul T. Bailous, Samuel A. Falcone.

Being of service
to others
Makes life worth living.
All the generous
people,
who give of their
time, talents and money to others
Have in themselves
the opportunity
to make life better for the
rest of us.
This is what they want to do.
Offer them sincere thanks.

DELICIOUS FOOD AT SENSIBLE PRICES

Sue,

To one of nuttiest gals I've ever known. We've been friends for a long long time and we've done some pretty crazy things. Such as going to the parks & climbing trees and other goofy things. We've just started to have fun and to do goofy things. I think we should warn the world! Best of Luck in all you attempt.

Love Ya'
Jan

Sue,
To a great "kid" (ha-ha) that I've known since Sophomore year. You are more than a friend though, you have always been like a sister to me. Although we are round. because I'm not always around. Cause I'm in Stay together & keep cool. Peace & of course Love, Rosie

Sue,
To a really great girl I had the pleasure of meeting my first year at Lincoln. Thanks to you, my first few days here were a lot easier. Thanks, best wishes and good luck always
